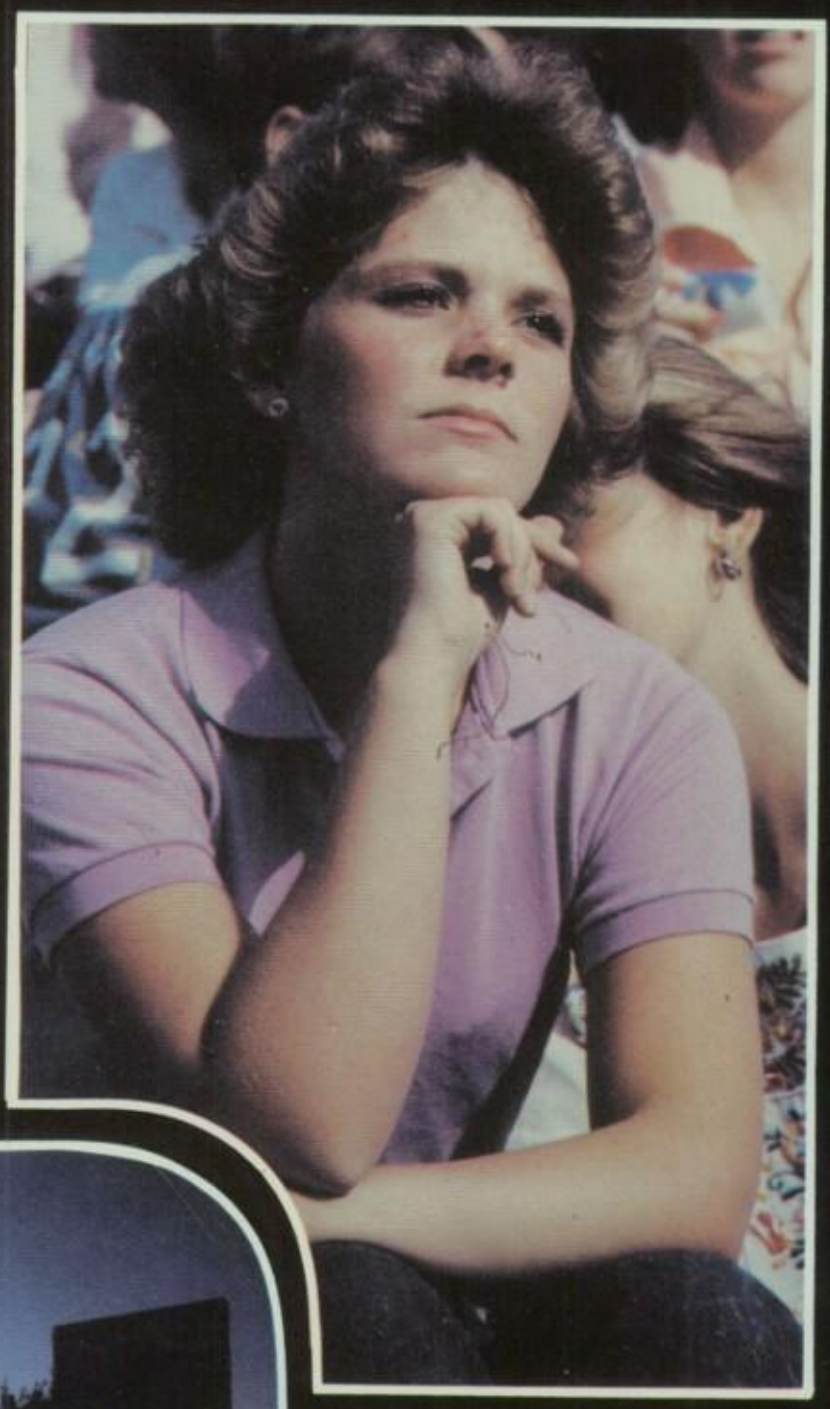
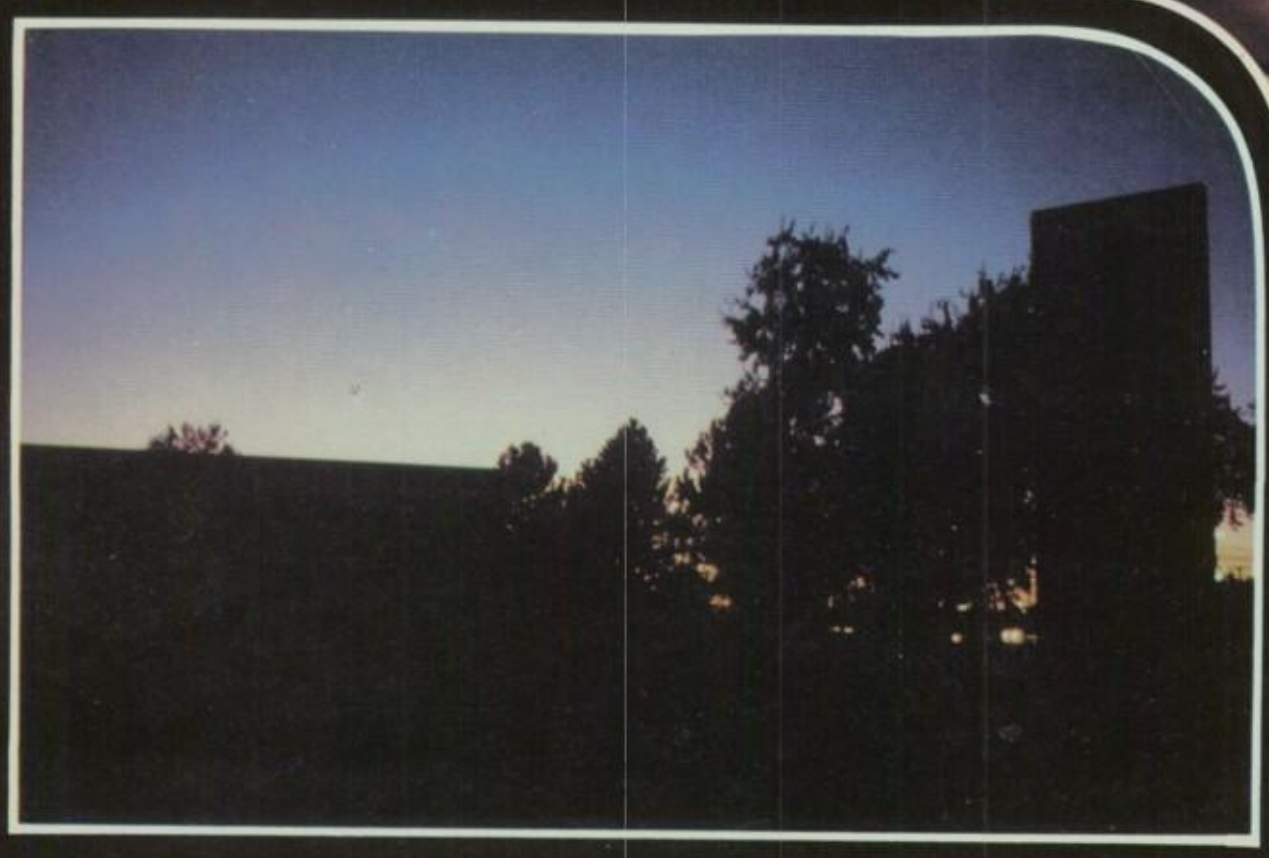
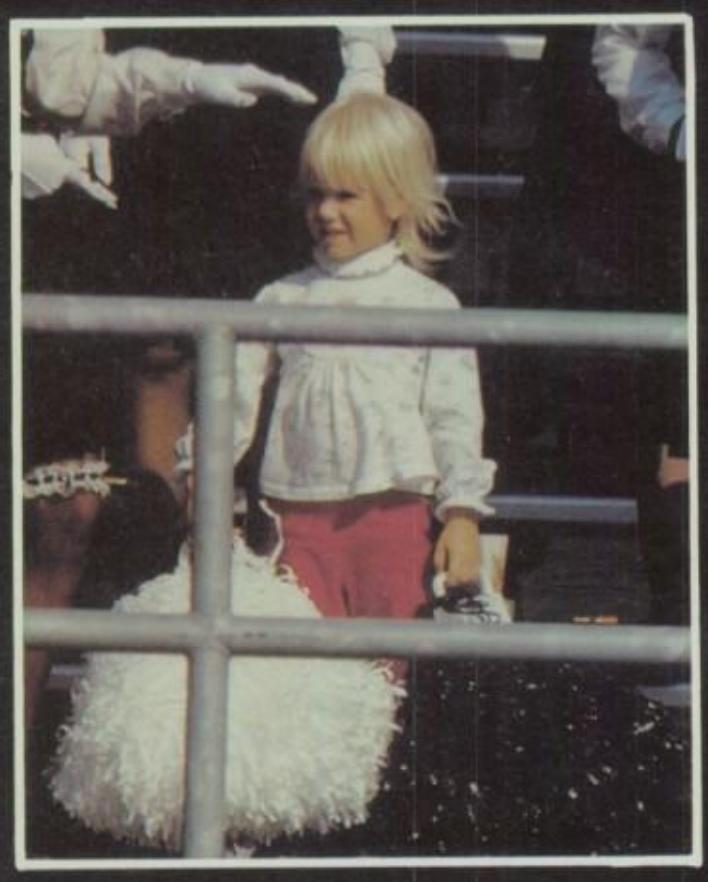
EIGHTY ONE

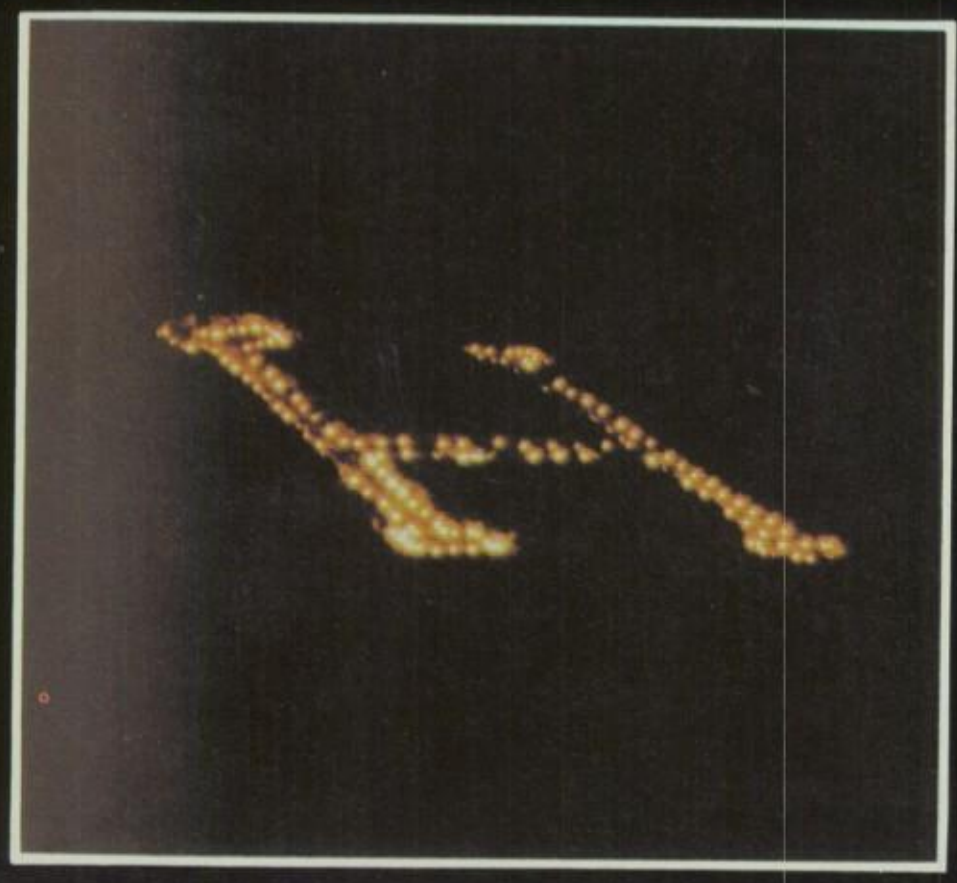
Contemplating the past,

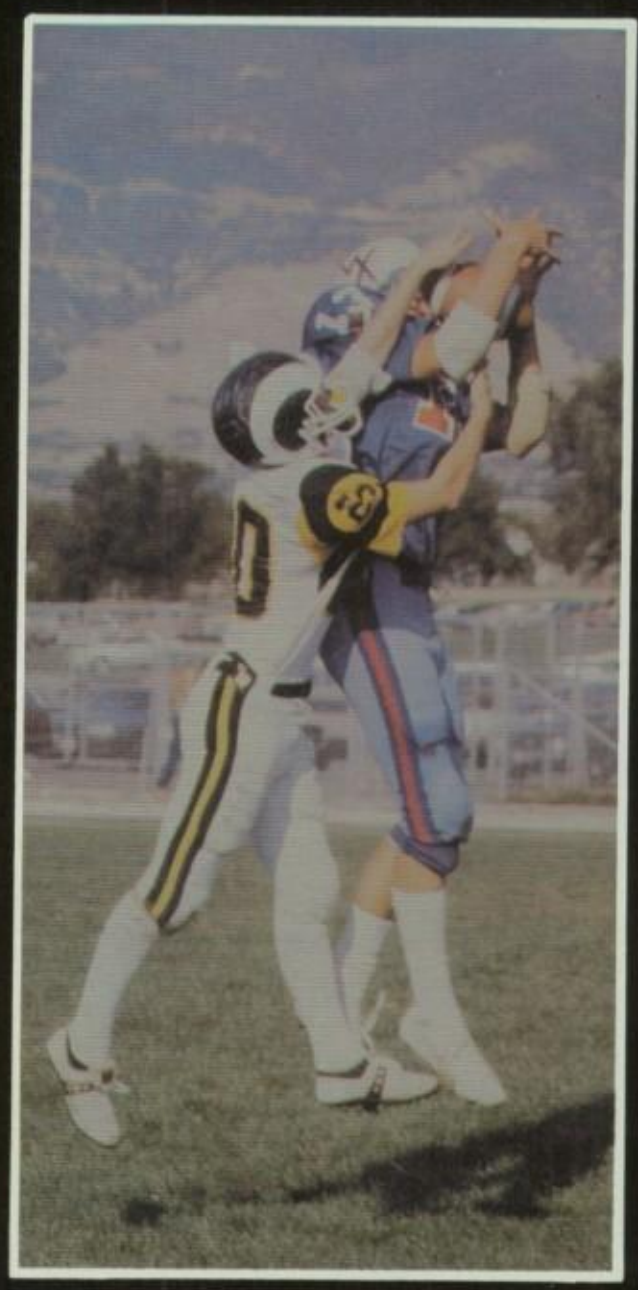




I find within its treasures myself.





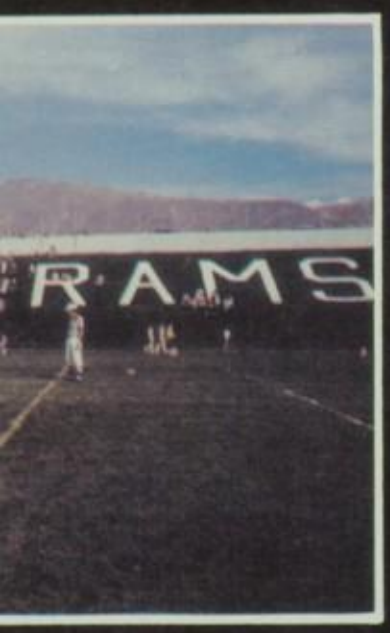


I recall the memories

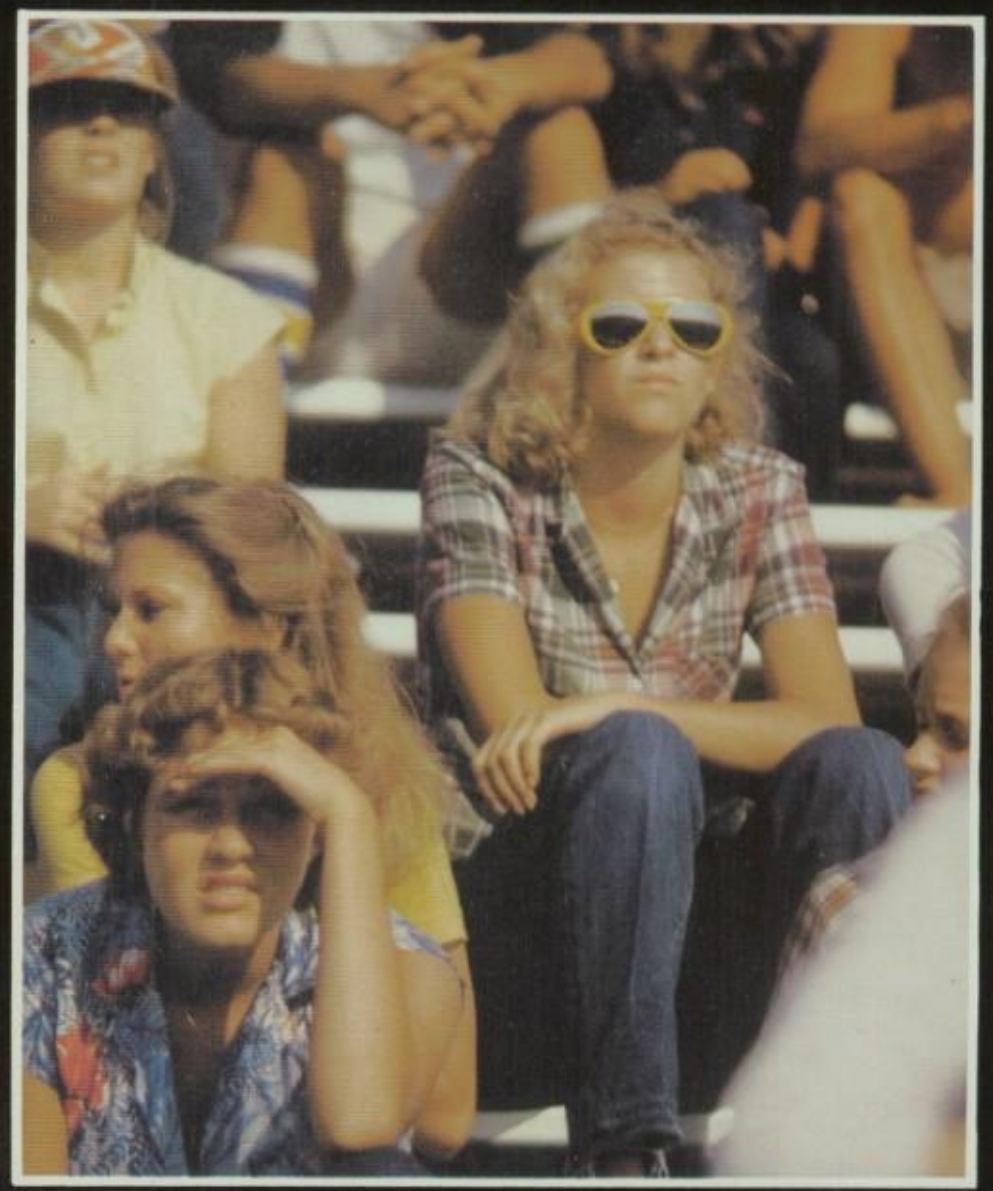
which have left a vivid impression,

those that I hold as priceless.

Reflecting on cherished friendships,



I realize many have helped to create an intricate part of my personality.

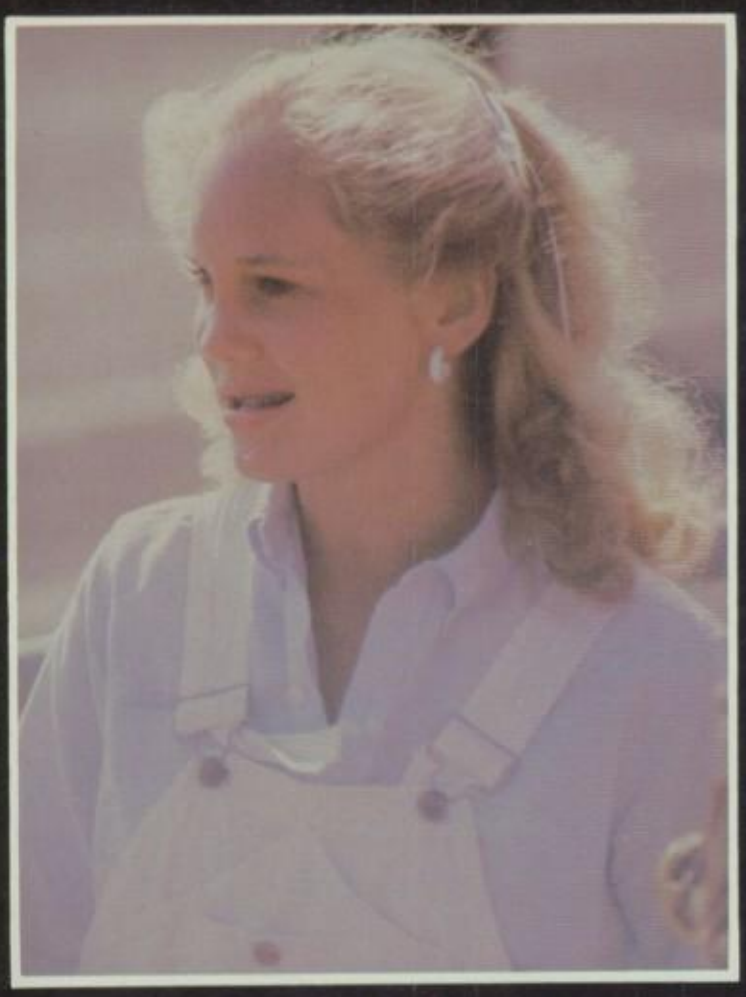


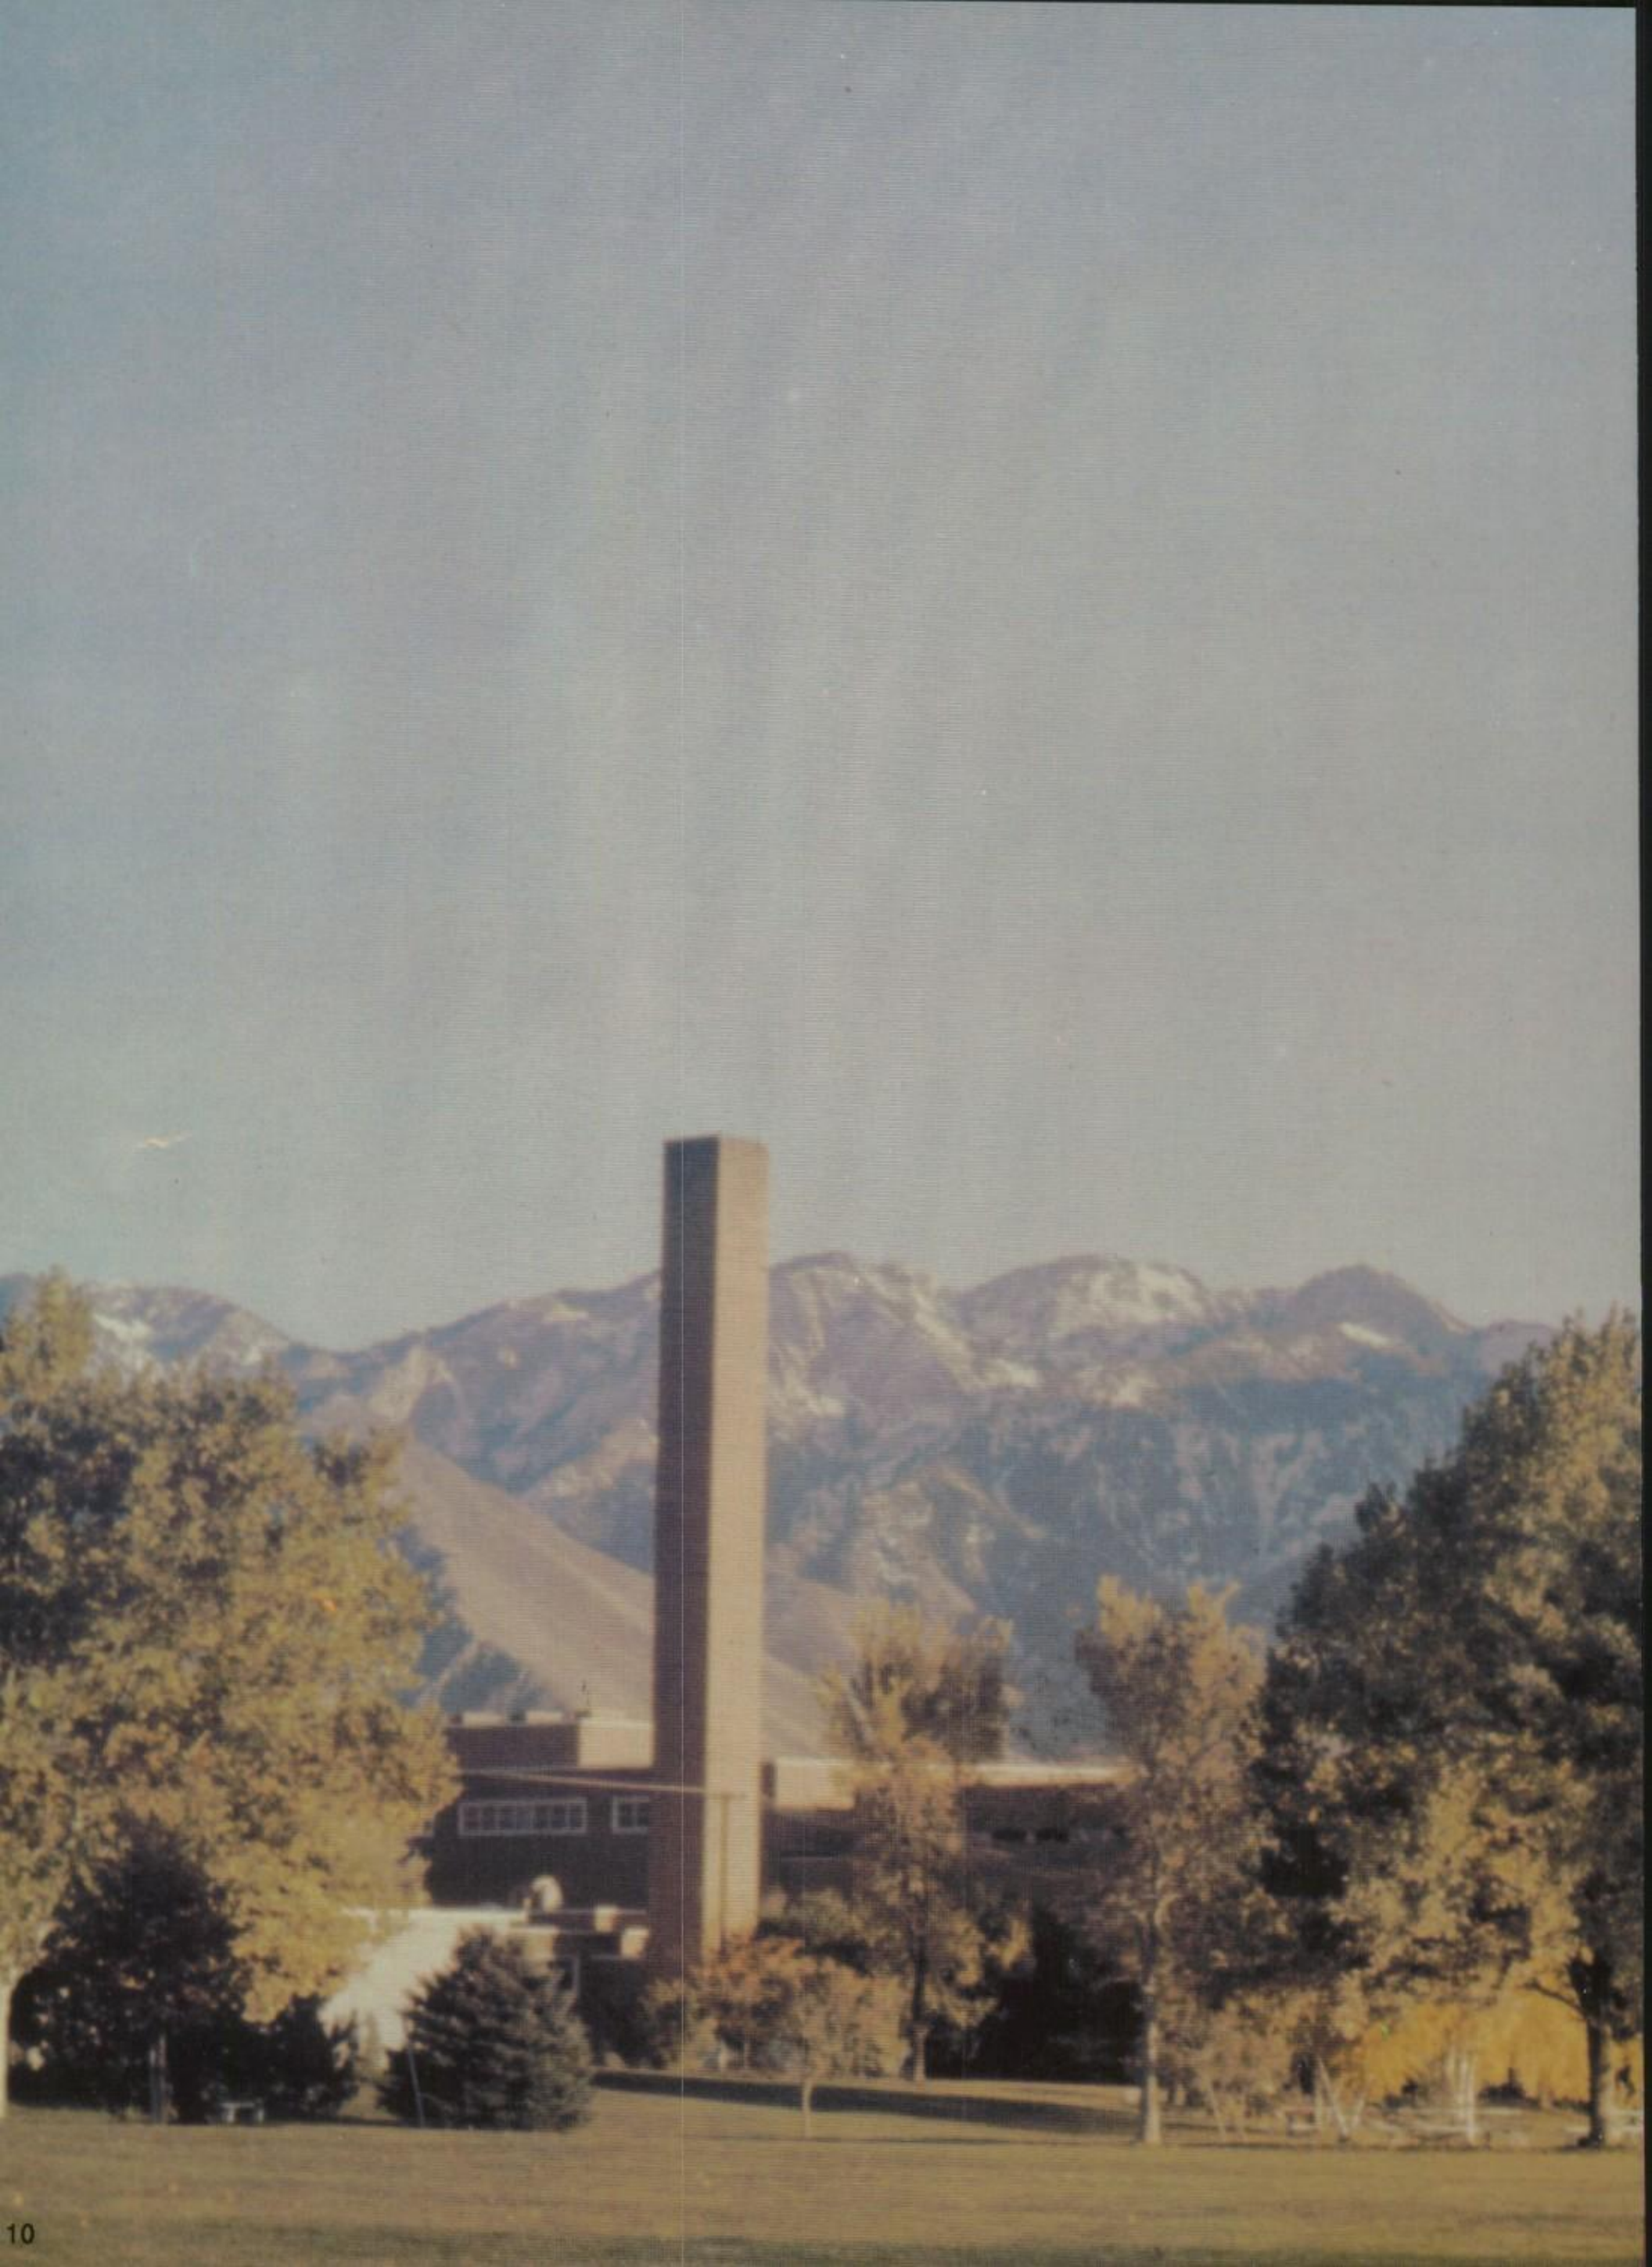
And though

there are times

in my life that seem unclearly defined,

through the dimness I have experienced . . .





A Silver Moment From a Treasured Past

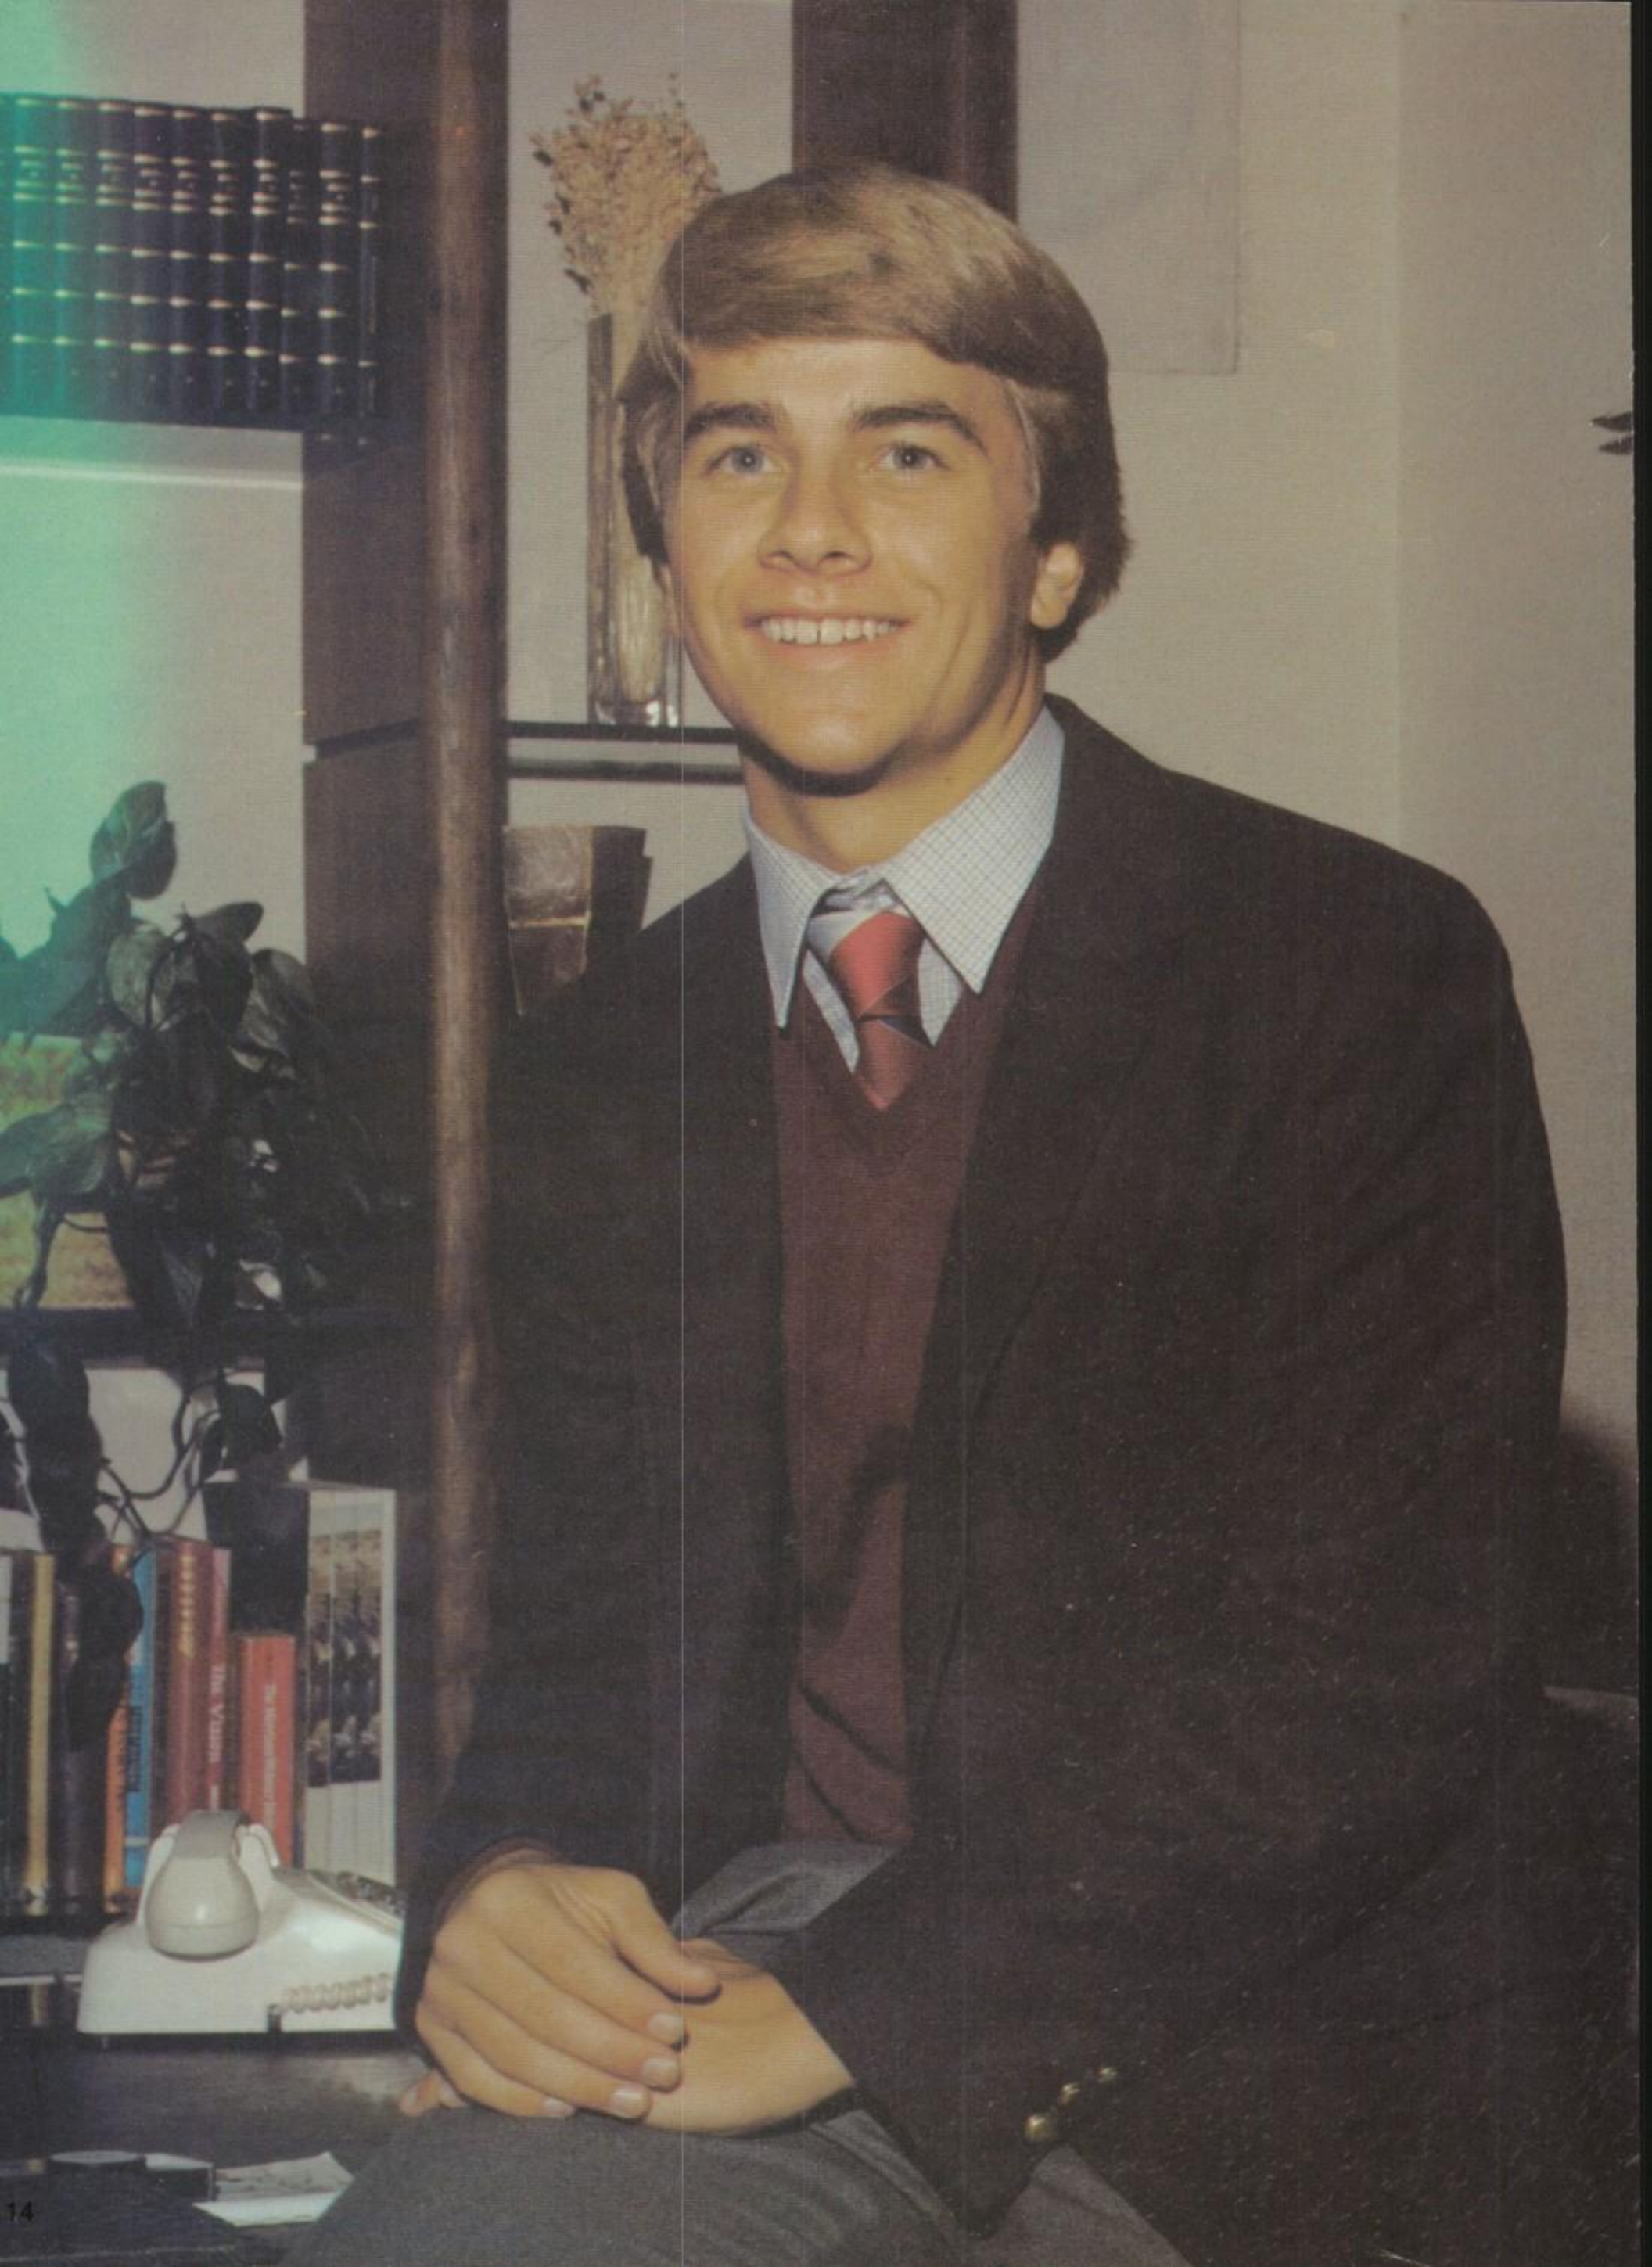
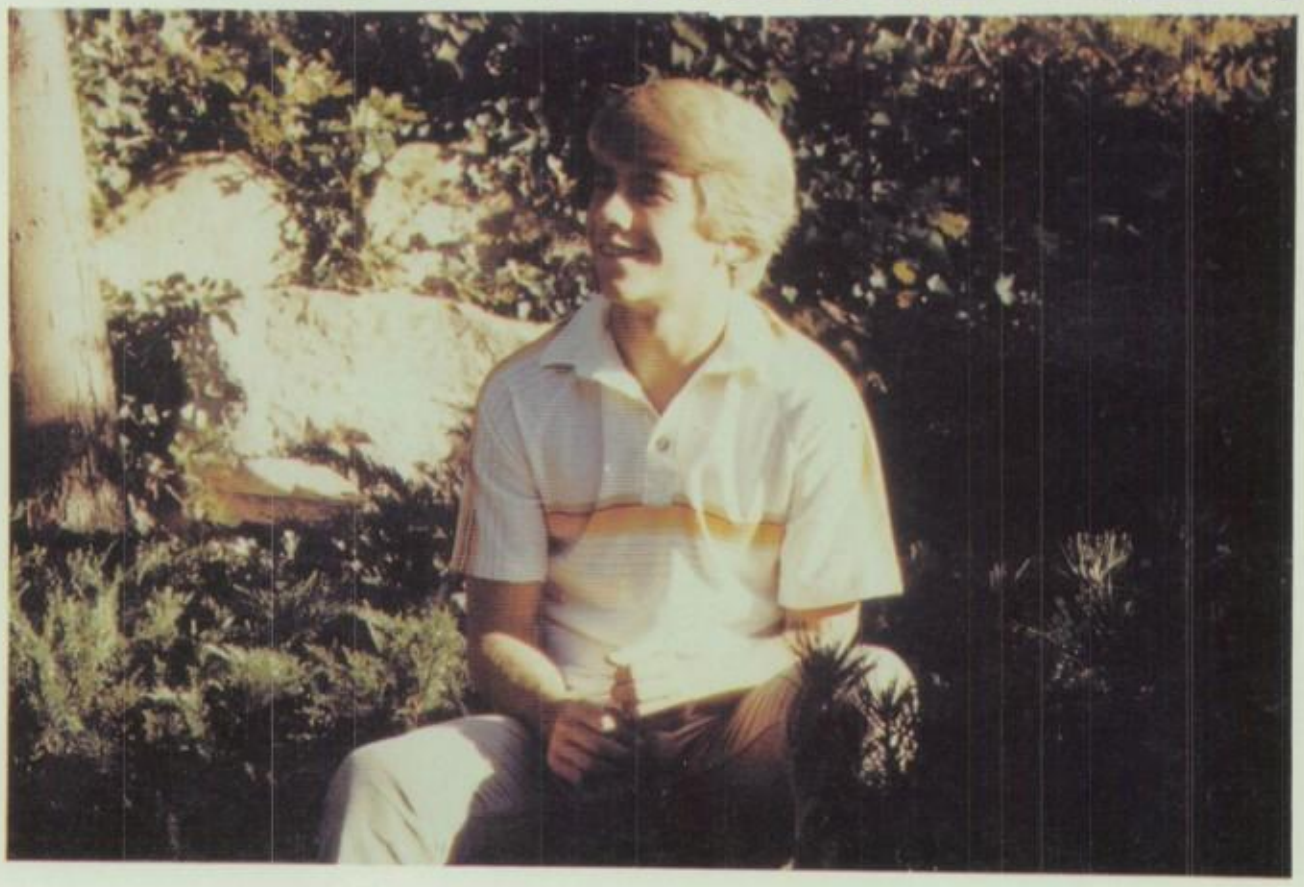
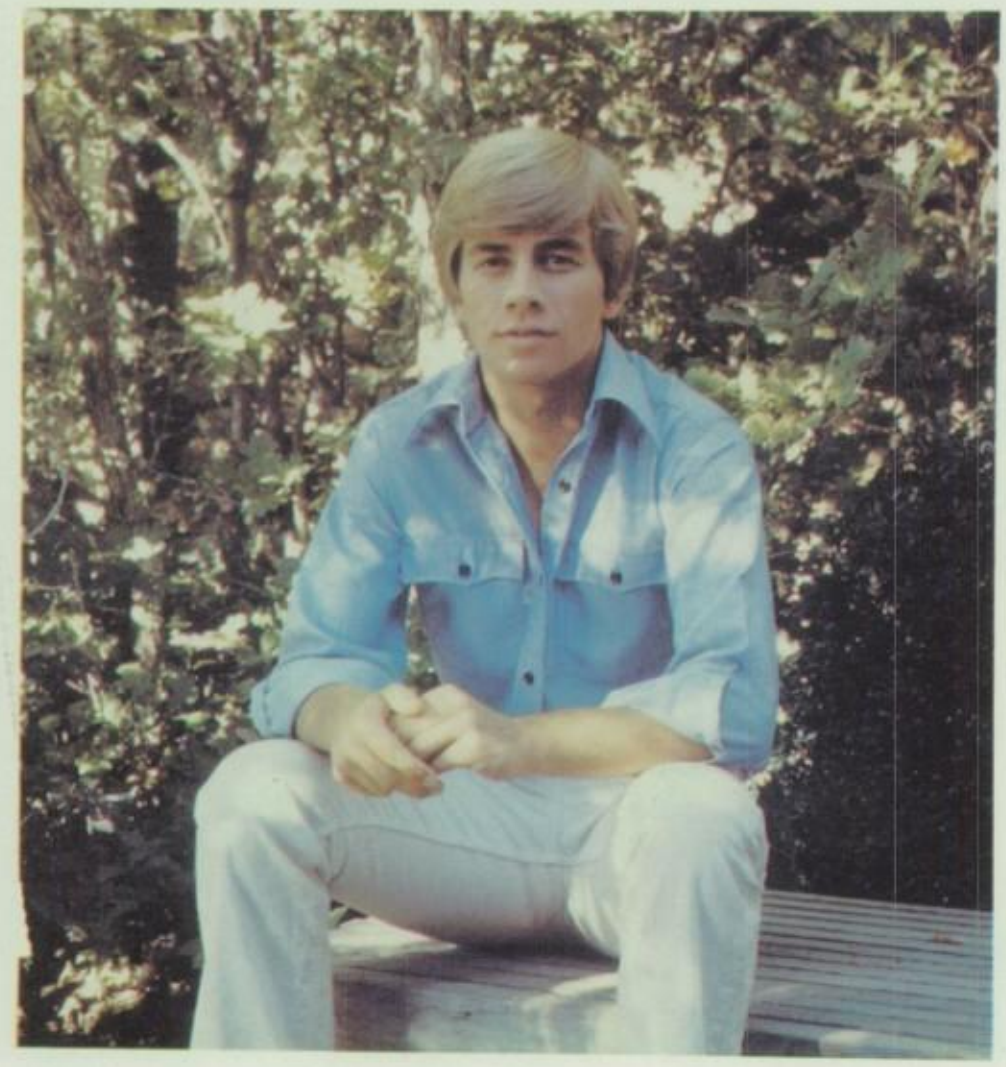
STUDENTS



STUDENT BODY PRESIDENT





To me Highland is a feeling that is hard to describe or put into words. It's each person giving his all or doing his best for the "Ram." It's a unique pride that continues to grow and surround us each year. It's a knowledge we've attended a very special school and much, much more.

There has been an amazing unity in the school this year. So many people have personally helped me. To each of them I will always be grateful. As we begin to go our seperate directions, the one thing we will always have in common is that we were once Highlanders and together we shared a dream.

As I look back I realize the real miracle of Highland is that it keeps moving forward. Tomorrow there will be a new group to uphold the traditions we've established.

Being part of this school has been an honor for me. It has been a great experience and we truly did "Rise through Spirit."

Steve Ostler

STUDENTBODY

JIM BENNETT
Vice-President

Talented in such a variety of areas, Jim managed to make a success of everything he did. Behind his innocent facade, he had the strength and determination of a natural leader. Whether he was dribbling a basketball down the court or presiding over Student Senate, Jim had the moves which promised success. Combining good looks with amazing intelligence, Jim was an excellent example for all to follow.

DAVID BRICKEY
2nd Vice-President

Having a great personality and an air of sophistication, David led the student body into a great year. Although he was a pro at both football and hockey, David was still able to take time out for Student Government responsibilities. David's easy going attitude and good looks won him the approval of all.

JULIA SANDQUIST
Treasurer

Julia was always the life the party. She added that extra excitement of everything she did. Her sparkling personality, distinguished smile, and ultra brains made her an instant winner. Julia was an inspiration to all, and made everyone want to try a little bit harder.

LILY DOLLACKER
Secretary

Although Lily fell from the stage, she was still able to keep a firm grip on what she thought was best for Highland. When the going got rough you could depend on Lily's spontaneous smile to make the job easier. Her enthusiasm and consistently optimistic outlook gave the Student Body a secretary on whom they could depend.

BECKY WOOD
Historian

Always striving for perfection, Becky never missed a chance to jot down more stories for the history book. With great suggestions and creativity, everything she did was super.

JADE WONG
Historian

Jade was always one step ahead. With her sure sound reasoning, she kept the student body officers on the right track and pulled things together.

H.A.W. OFFICERS

DOROTHY STREHL
President

Dorothy was able to keep her high level of enthusiasm continuous all year, thanks to an overabundance of energy. With her motherly instinct and watchful eyes, Dorothy was able to keep the HAW committee together.

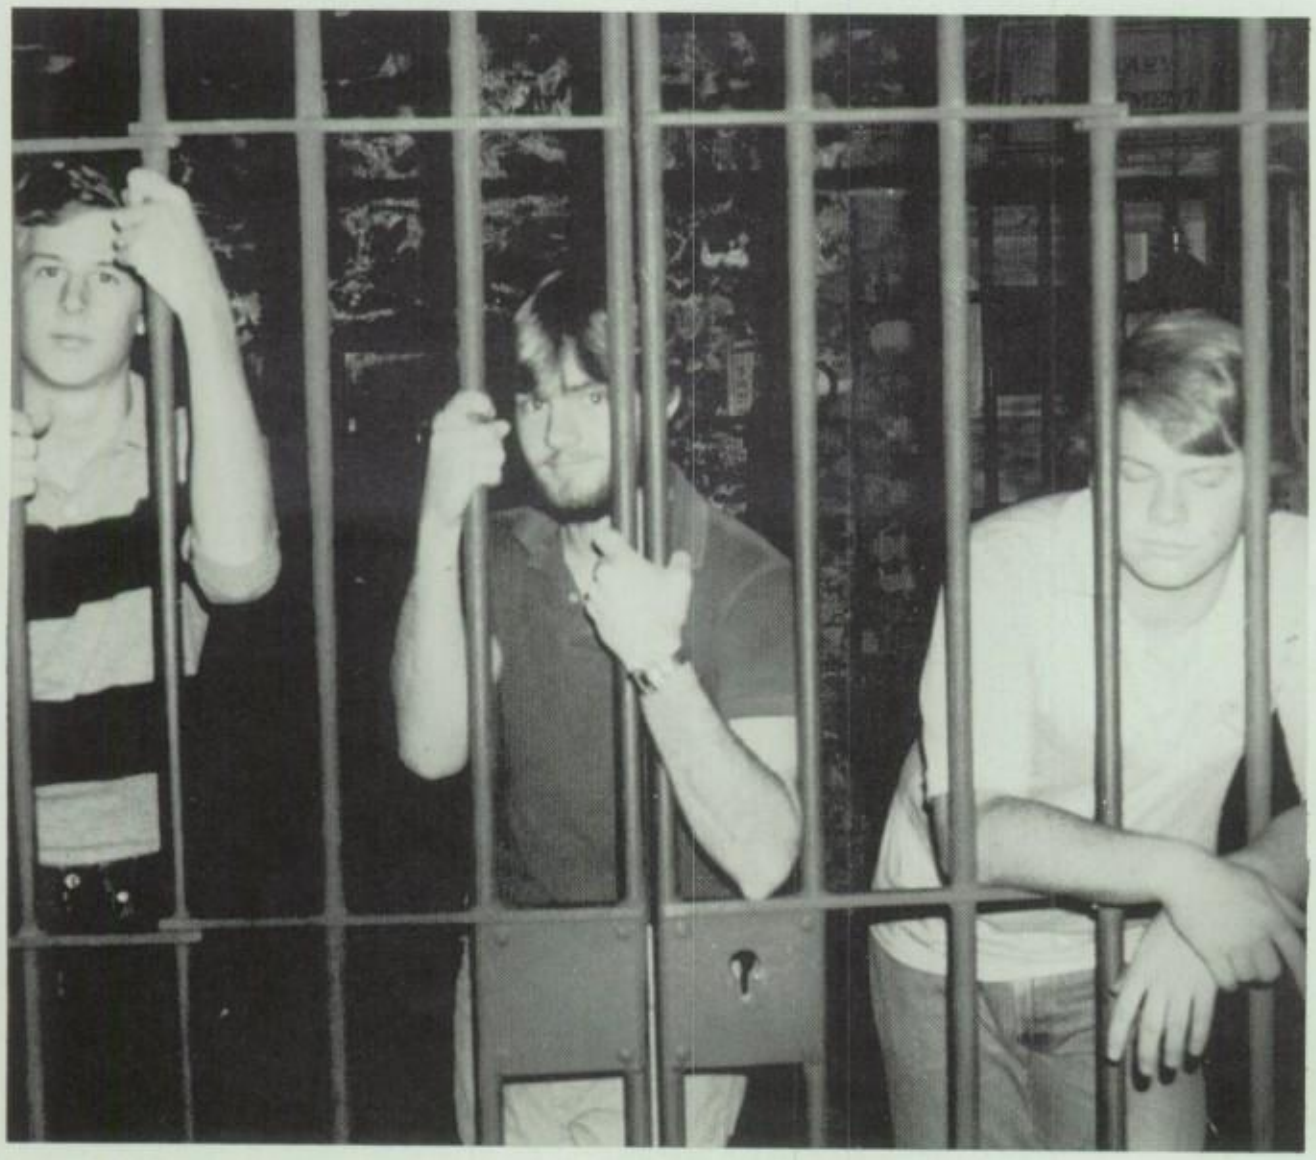
ANNETTE KIRK
Vice-President

With an all-out determination to do better, Annette surpassed many others and became an example to all. Her willingness to work and give of herself made the year a great success.

SHAUNA SWENSON
Secretary

Working hard to please the women of Highland, Shauna was always on the go. Whether it be the powder-puff football game, HAW's fashion show, or the Valentine's Dance, you could count on success when Shauna was the one behind the scenes.

H.A.M. OFFICERS



NED STRINGHAM
President

Combining his "punk rock" look with amazingly original ideas, Ned proceeded to try changing the image of Highland's men. His ability to make a joke out of any situation provided the humor needed to put great ideas into action.

TERRY MILLER
Vice-President

Known for his infamous dragon stories, Terry found himself making a lot of commotion in student government. He had no problem making people listen to his great ideas.

JIM BRINGHURST
Secretary

Jim's ability was not limited to a 24 by 24 inch canvas but spread into many areas. His leadership skills and high level of spirit made him an ideal secretary. A great personality combined with a sense of humor won him the respect of all HAM members.

Jim Bennett
President

Flynn Justice
Vice-President

Allison Kirk
Secretary

Changing and updating the constitution, the Student Senate was able to improve the quality of Highland. With their official attitude and sense of dedication, they accomplished their goals. As Highland's legislative body, the Senate acted upon Highland's policies.

SENIORS OFFICERS

PAUL HOLBROOK
President

It didn't take a loud personality or lots of words for Paul to keep things under control, somehow, without saying much, Paul demanded the respect of the senior class. Although he was soft spoken, everyone looked to Paul as an officer and a leader.

KIM WIRTHLIN
Secretary

On the ball, with her responsibilities in hand, Kim hit off a great year. "Following through" with her duties, she "aced" all others in originality. Her dedication and willingness to work was reflected in a job well done. She "loved" every minute of "serving" the senior class as secretary.

BRETT SHERMAN
Vice-President

With his athletic and academic skills, Brett showed the ability to lead and serve with honor. He spent hours thinking of creative ideas which added that extra "lumph" to the senior class. Brett proved to be a truly great Vice-President.

Barlow, Jeff

Confronted with a multitude of decisions which would set the course of their future lives, the seniors struggled to become independent individuals. Although the secure life of yellow slips, failure notices, and insistent tardy bells were tempting, they were determined to face the challenges ahead. Graduating from high school meant more than receiving a diploma, it was the beginning of a new life.

With a twinkle in her eye and a convincing smile, Mary had no trouble swaying opinions to her side. Everyone had a hard time saying "no" to Mary. However, this was never a problem; when Mary had an idea, it was always great.

DENISE NOURSE
Secretary

Who is seen in student government working with confidence and originality? Who is involved in the assemblies and activities of Highland? Who is dedicated to upholding its spirit and honor? Who is an all-out inspiration to others because of her ability to do a great job? Denise Nourse of course!

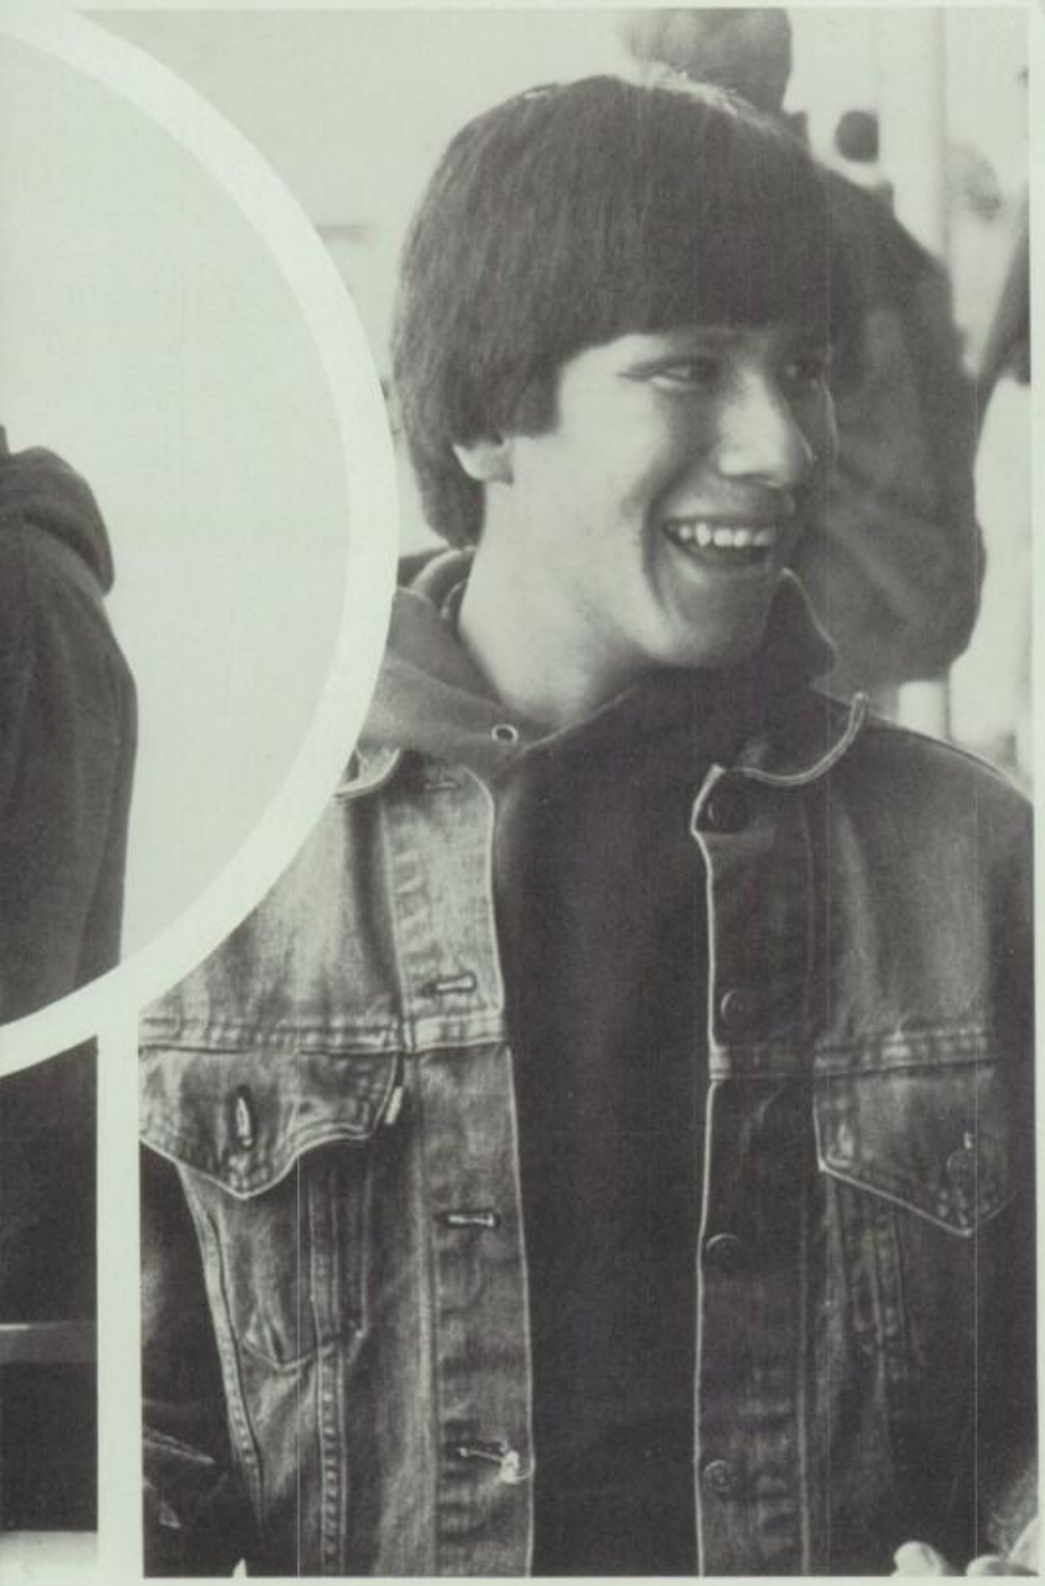
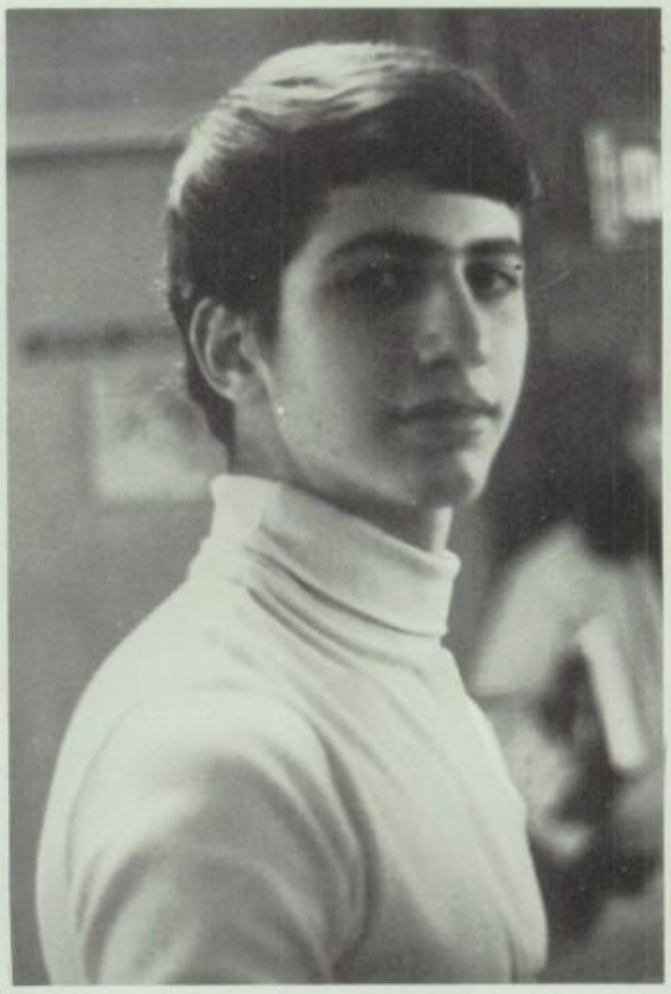
Moving up to the "upper-classmen" level was a step the Juniors gladly took. Playing on the varsity football team or screaming in the Pep Club was just one way the Juniors showed their great enthusiasm. Knowing what being a true Highlander meant, the Juniors gave it their all and dedicated themselves to Highland.

JUNIORS





DON BENNION
President

Although playing basketball seemed to be Don's all consuming pastime, he still managed to do a tremendous job as president of the Sophomore class. Don Bennion brought Highland ideas with originality, and lifted his class to soaring heights. He won the friendship of many, the respect of all, and made the year of "81" one to remember.

TIFFANY ROMNEY
Vice-President

With a smile that would knock you over and carefree laugh to go along with it, Tiffany added a bubbly spirit to Student Government. When people got "down in the dumps," Tiffany was always there to lift their spirits and get them back on their feet. Tiffany was full of enthusiasm and she spread this attitude throughout the entire Sophomore class.

LISA HOLLINGWORTH
Secretary

Being a soft and creamy blonde, Lisa was often called "Twinkie" by her friends. Loving the involvement in Student Government and the excitement of leadership, she kept herself busy. Through her activities of singing, volleyball, and swimming, Lisa learned cooperation and sportsmanship and brought this feeling into the Sophomore class.

The Highlander definition of a Sophomore: 1. A student in the 10th grade of high school. 2. One who recently has received his driver's license and drives erratically. 3. A being who has never kissed before. 4. One who still has his mommy set out his clothes at night. 5. In short — an under developed child.

Realizing that they were no longer Frosh, the Sophomores slowly tried to pick up the precise movements of their upperclassmen. From the imitation of the "jock-walk," to the art of sluffing, they proved that in time they could fill the shoes of the Juniors.

TAMMY JO GREY
Secretary

Enthusiastic and full of new ideas were two of Tammy Jo's many attributes. She always had a smile on her face and an optimistic attitude which helped her lead the class of '84. Although others took the year in stride, Tammy Jo worked hard and made the Freshmen year one to remember.

JIM TINNEY
President

Although Jim Tinney's size was small, his effect in student government was great. As the Freshmen President, he set the example for the Frosh to follow. It was obvious that he and his classmates would make the best of their high school years.

RACHELLE HUGHES
Vice-President

With the responsibility of a leader and a willingness to help, Rachelle always said "yes" to the challenges the Freshmen class faced. Being devoted to her job, Rachelle gave the Freshmen her all. With a determination that never failed, she led the Freshmen with pride.

Having to leave their sexy gym suits, afternoon dances, and romantic boy-girl interludes, the Frosh soon stepped into a new and confusing maze of high school life. The colorful cafeteria, blue DECA garbage cans, and the scrubbing of the school's emblem with tooth brushes started them off with the true spirit of Highland High.

Discovering that "Sesame Street" was no longer accepted as an educational program, the Freshmen started to adjust to a new way of life. But leaving behind those Channel 7 characters was sometimes difficult. To help the Frosh make the adjustment smoothly, the upper-classmen brought an all-time favorite, Oscar, back into Freshmen life. Maybe that's why so many Freshmen found themselves in the garbage can!

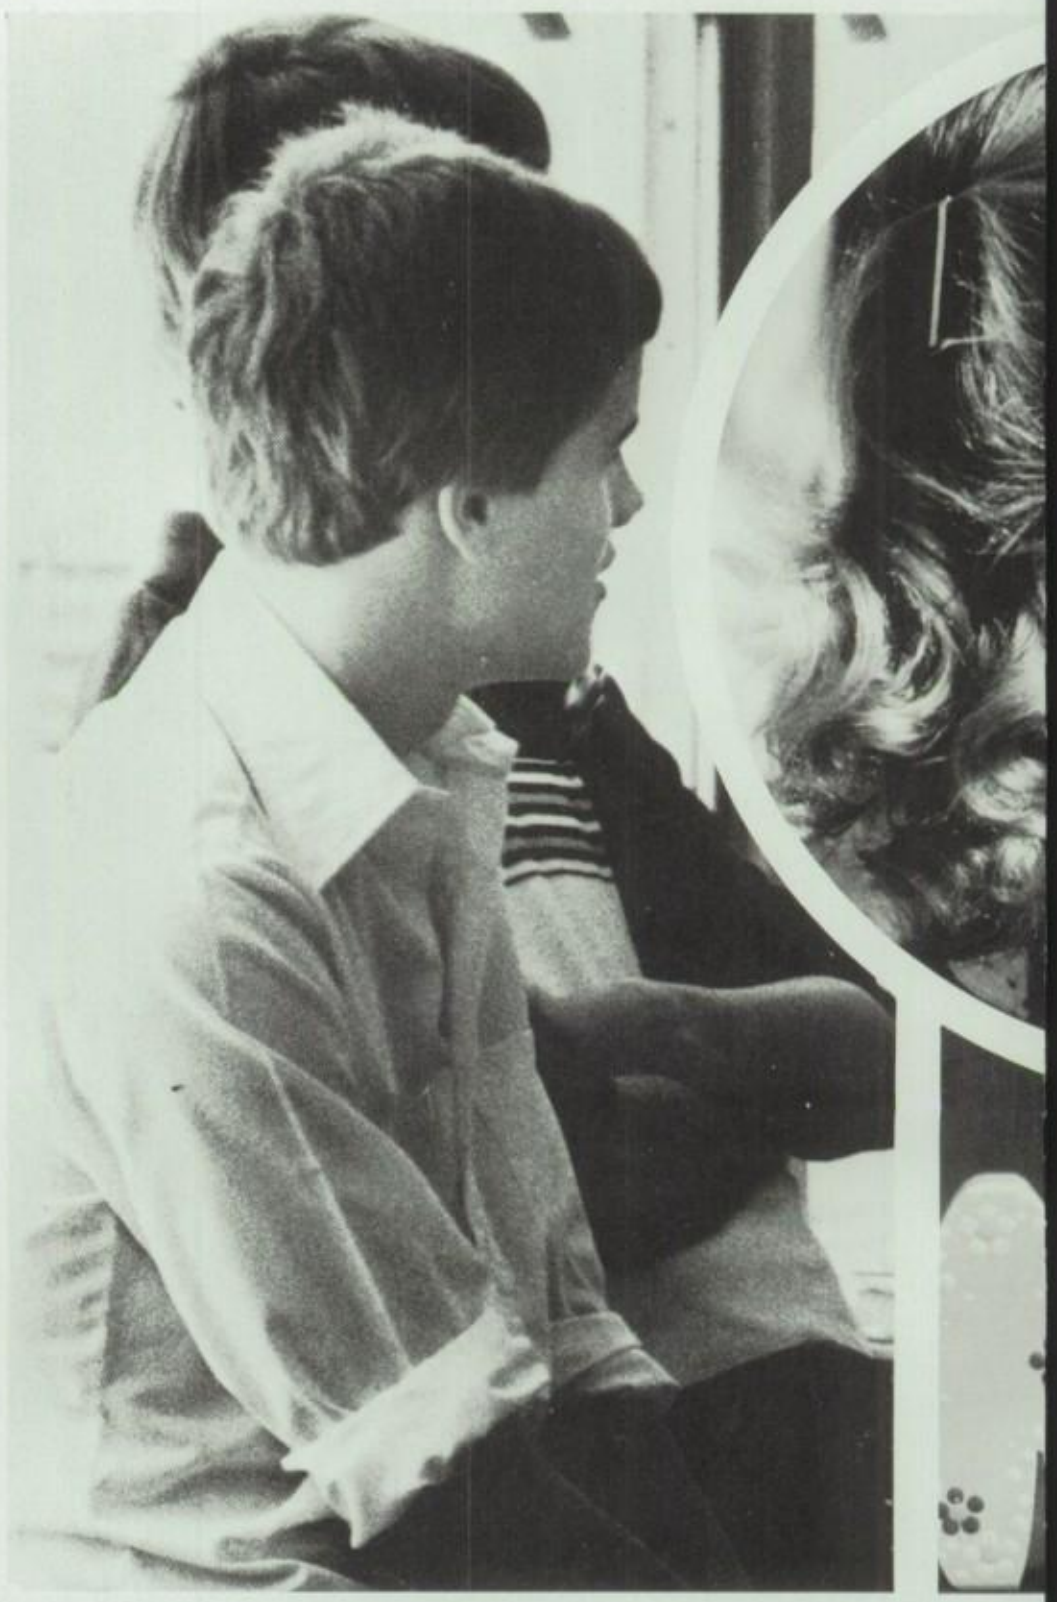
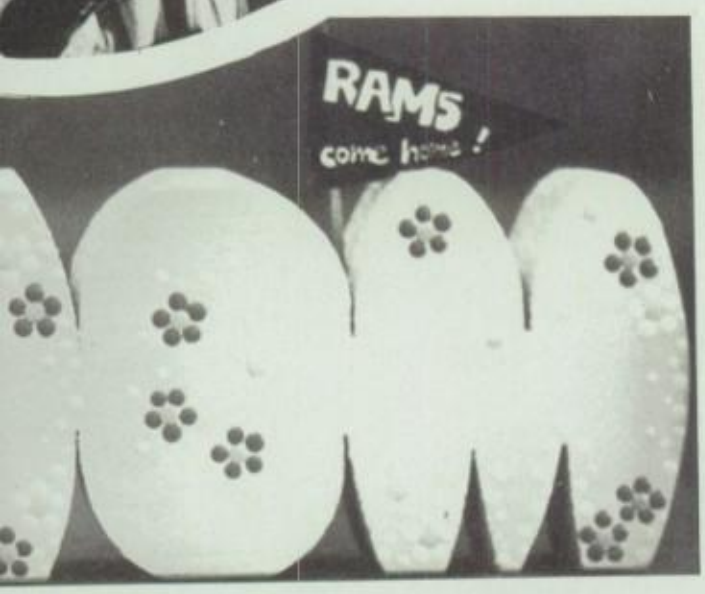
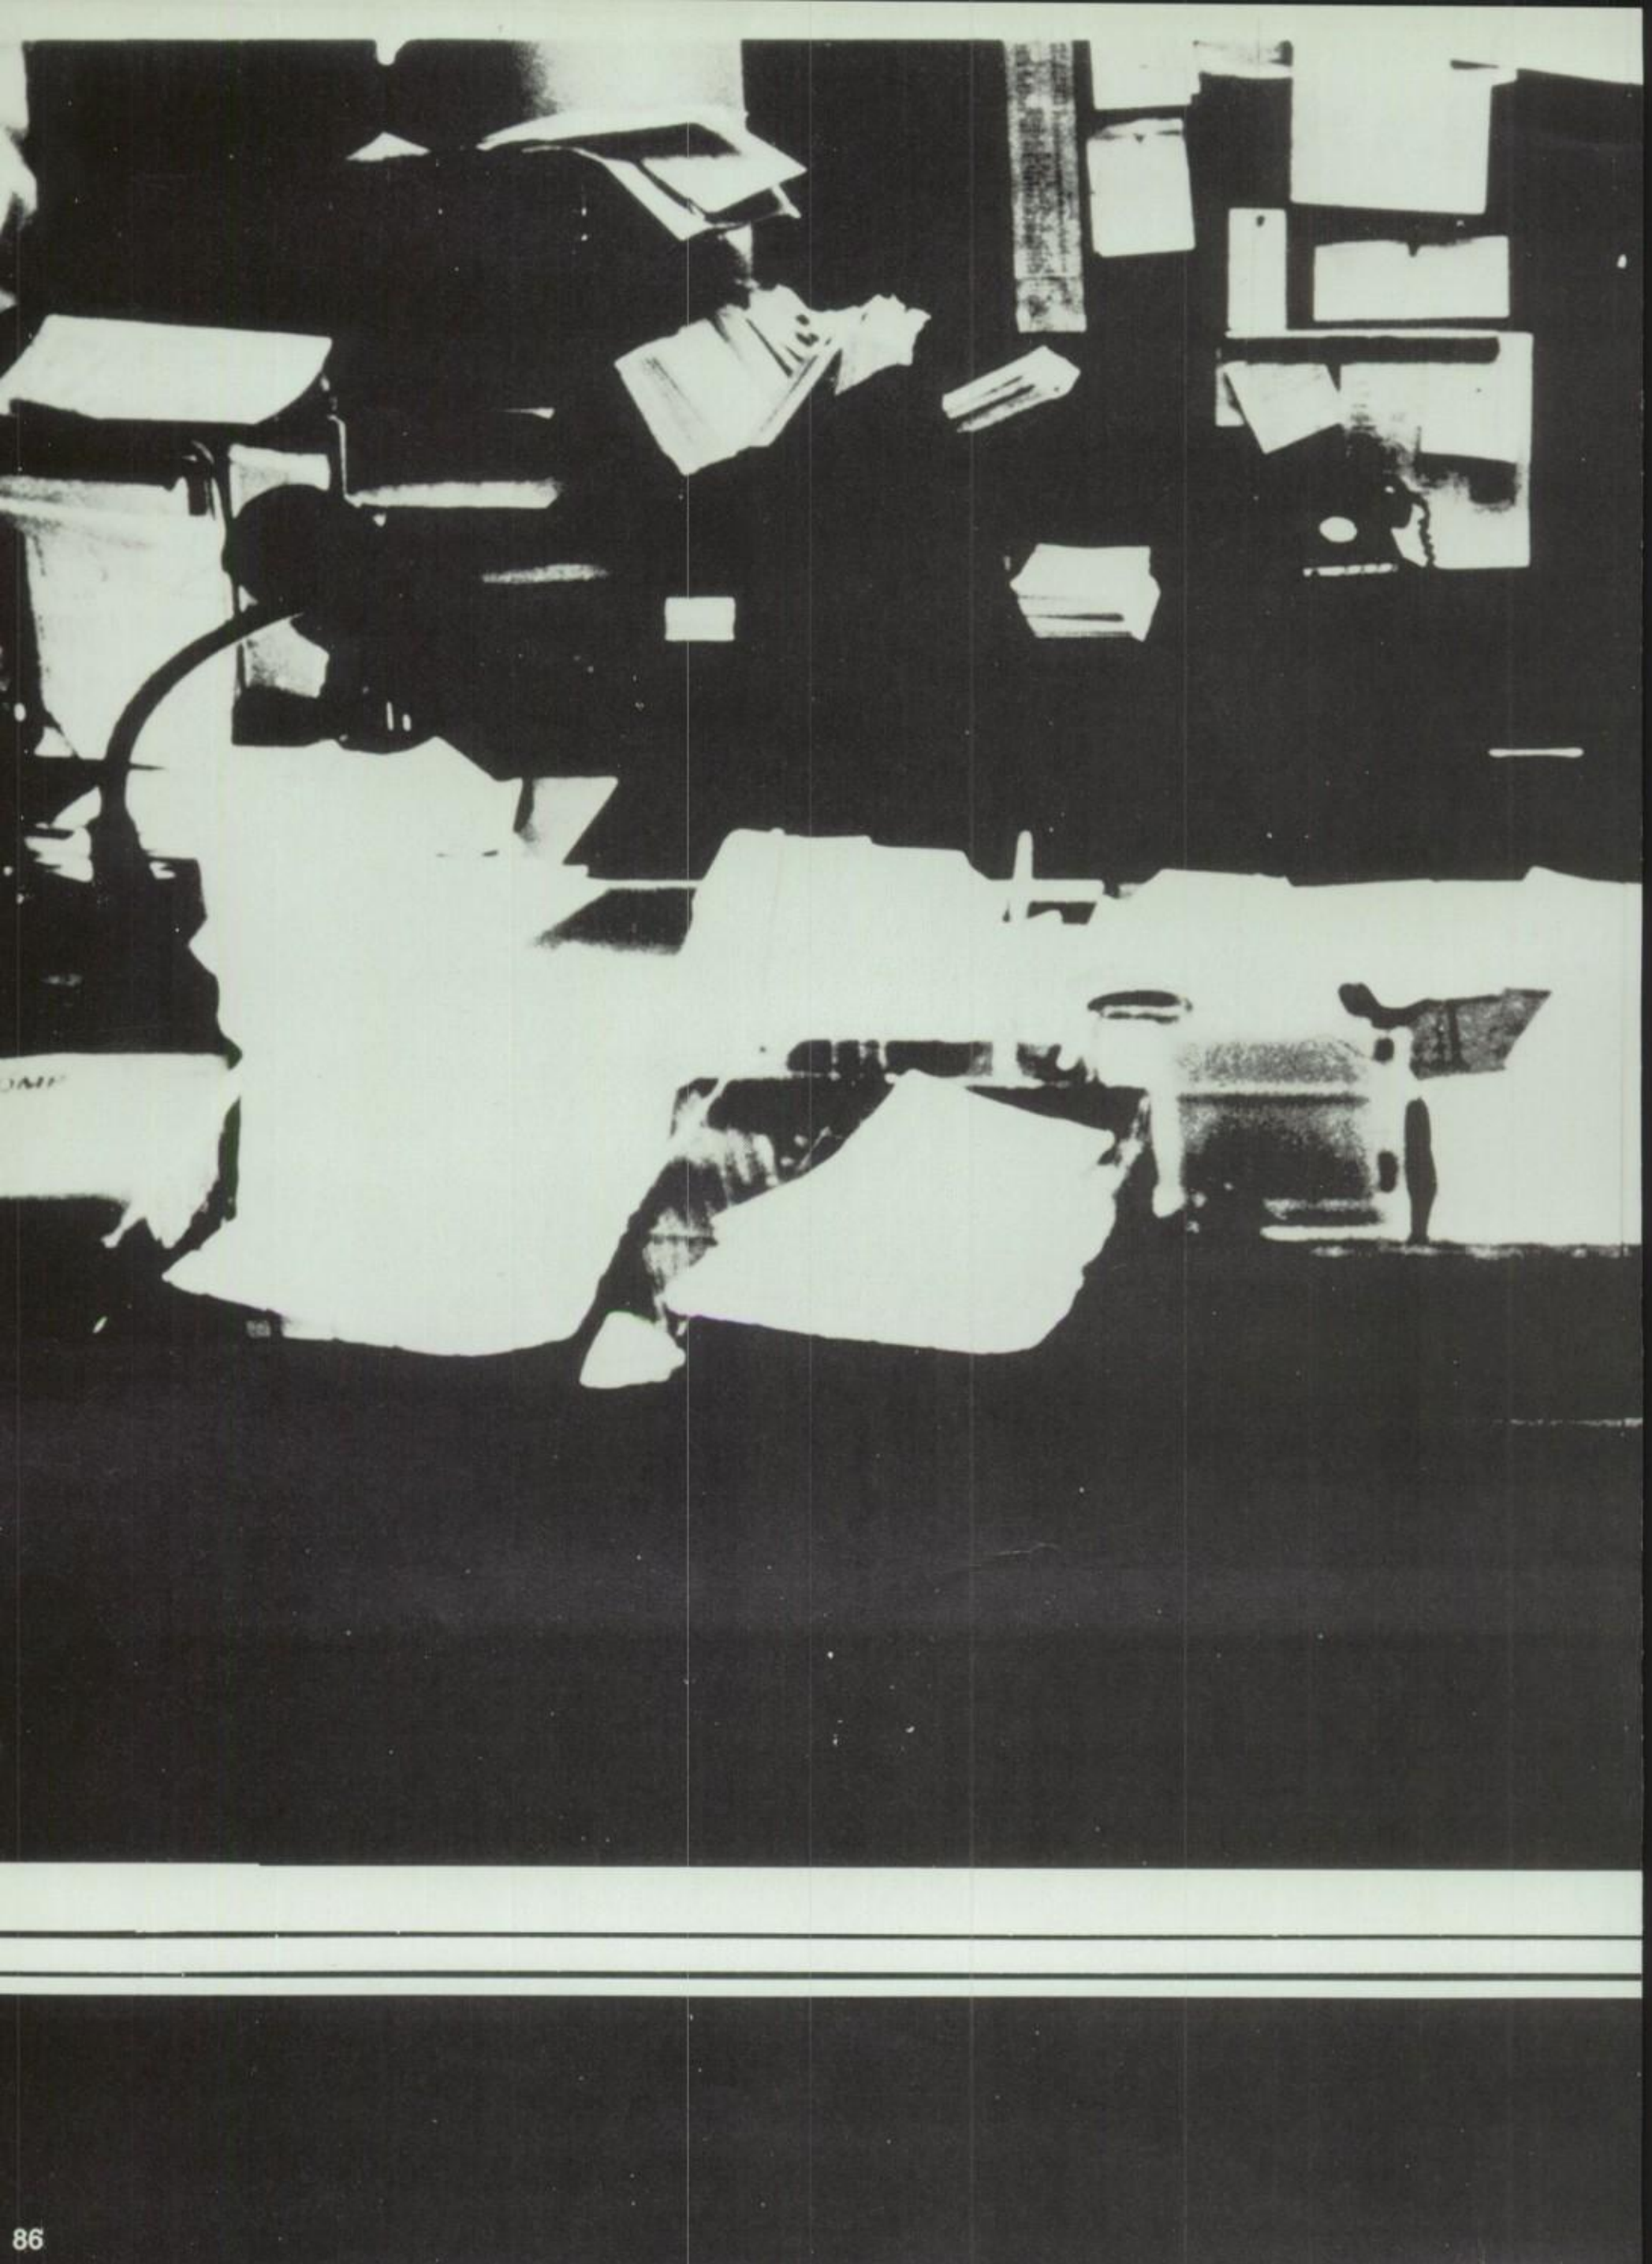
Because of a small problem of midget height, the freshmen didn't necessarily stand up in the crowd. But when it all shrank down to size in the classroom, it was interesting to see who rose above all others — who else but the frosh?

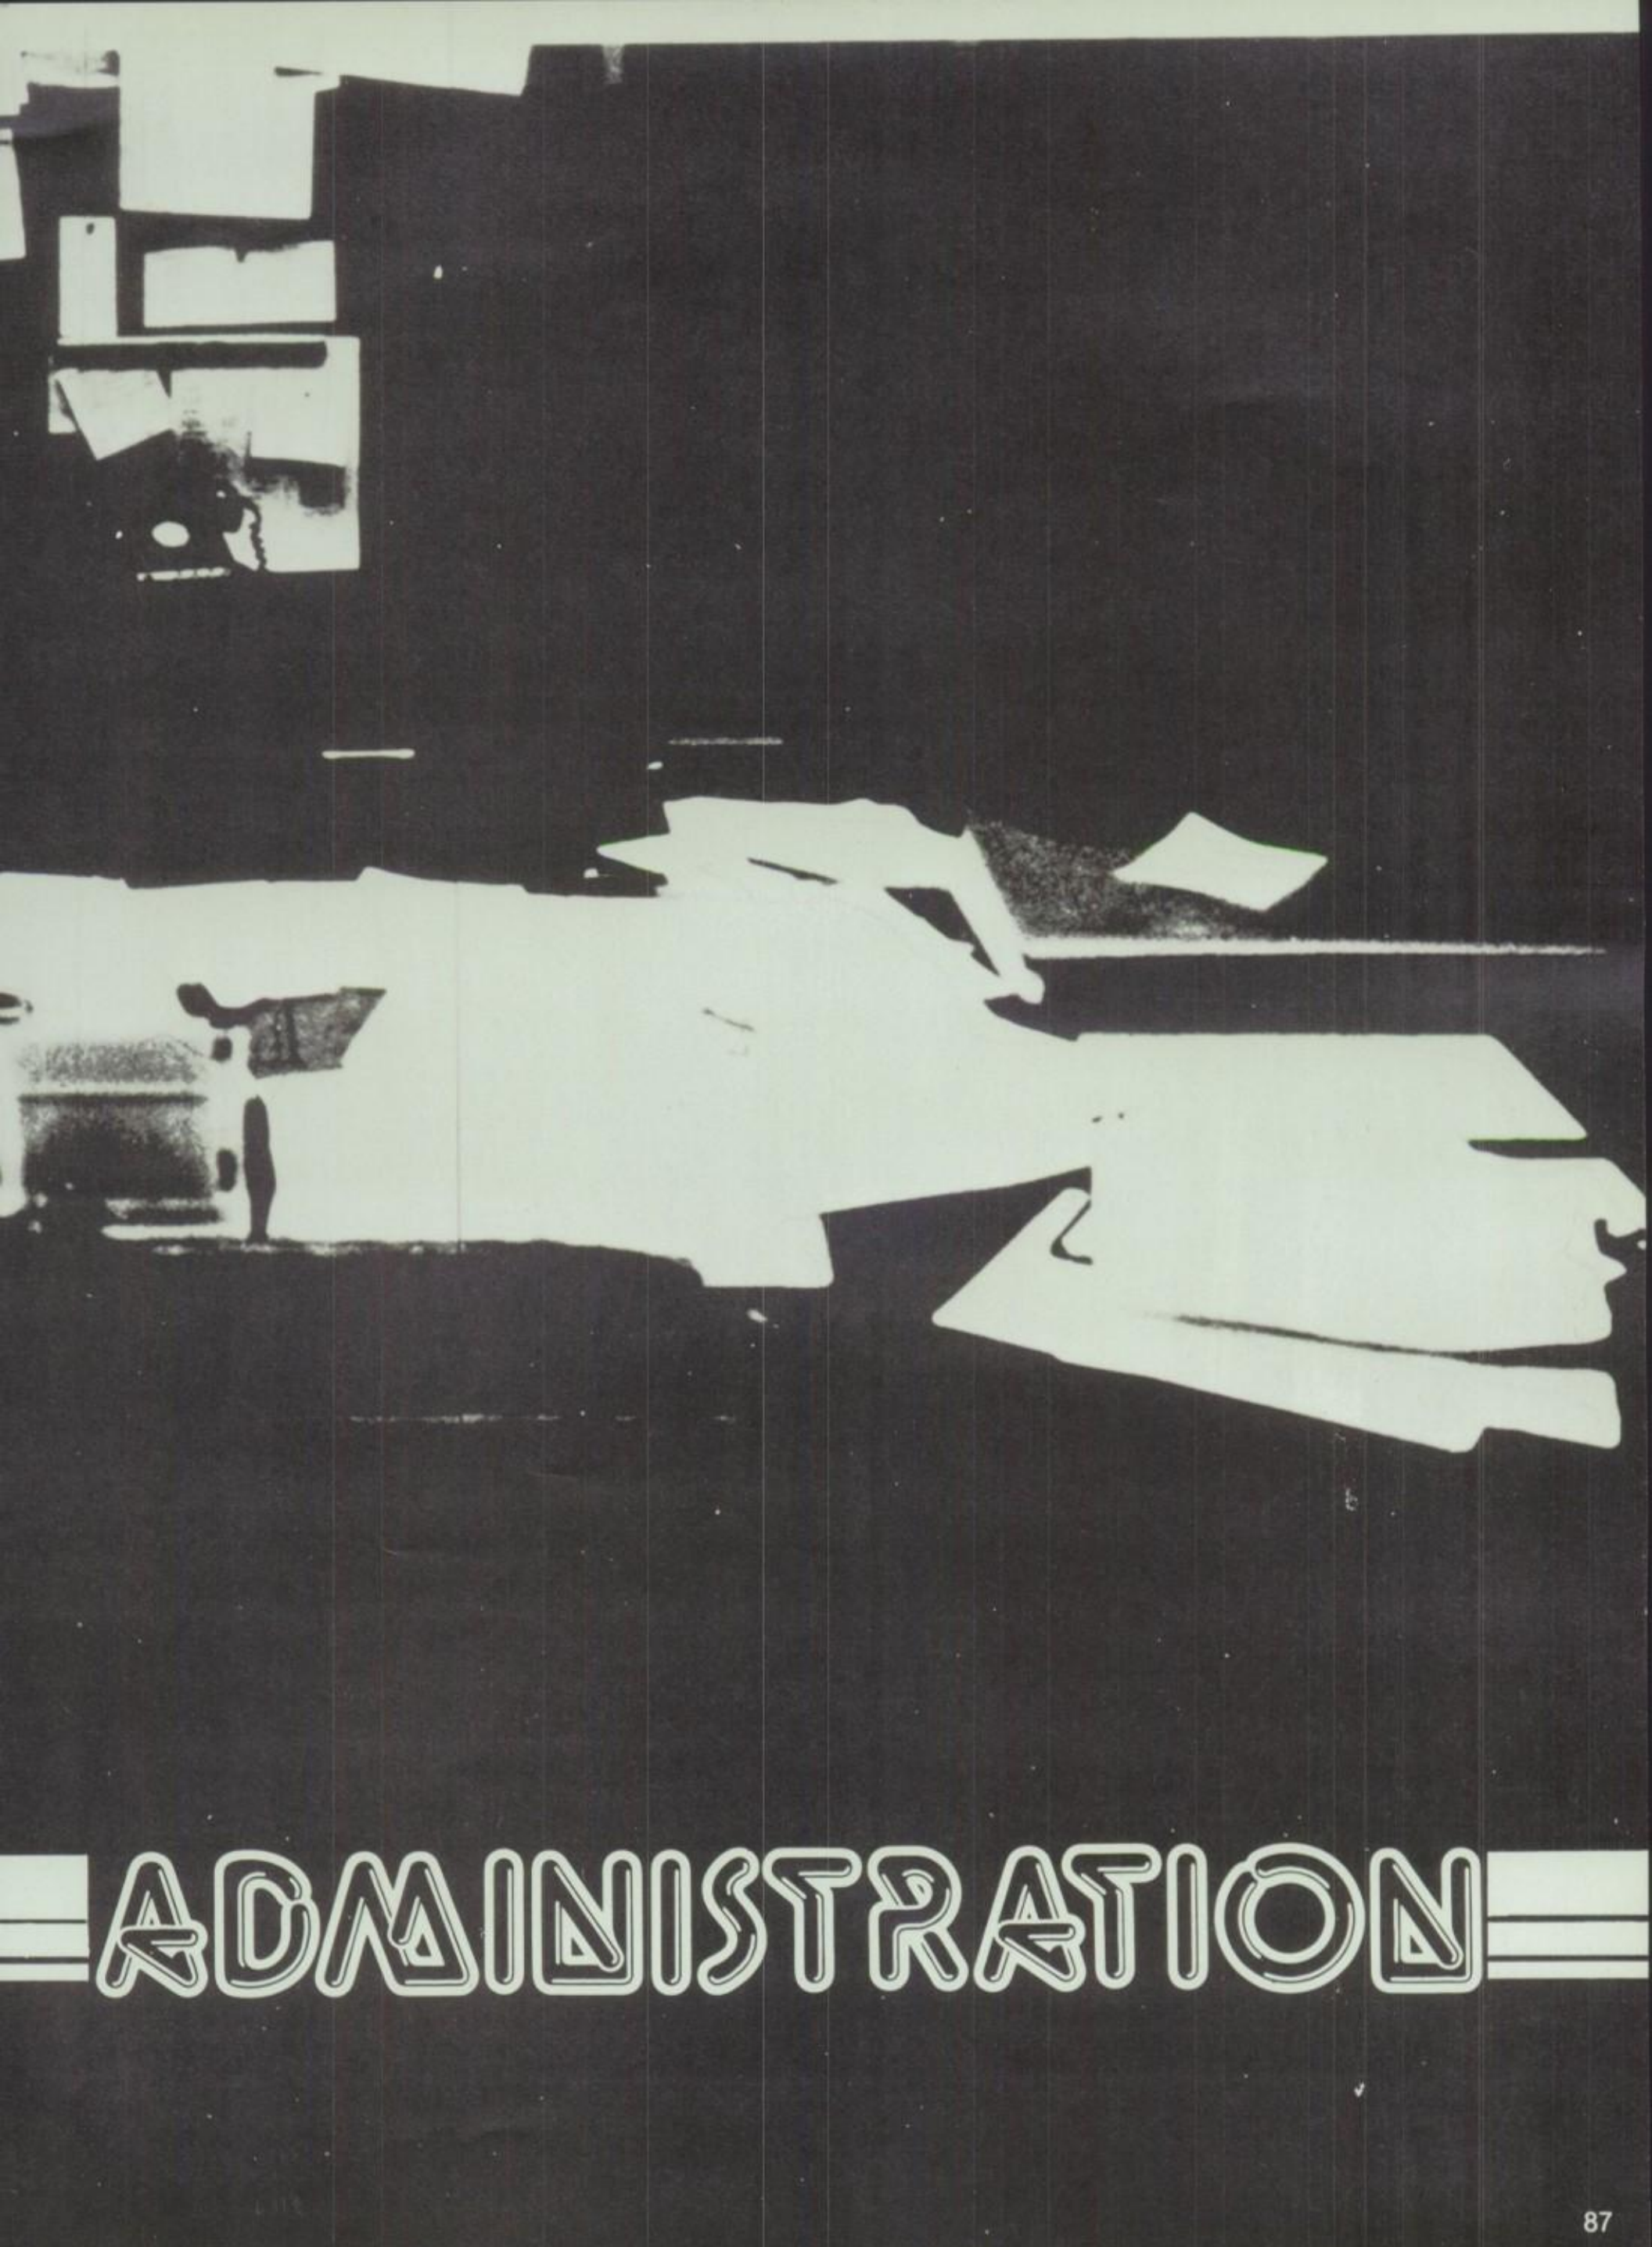
FRESHMEN



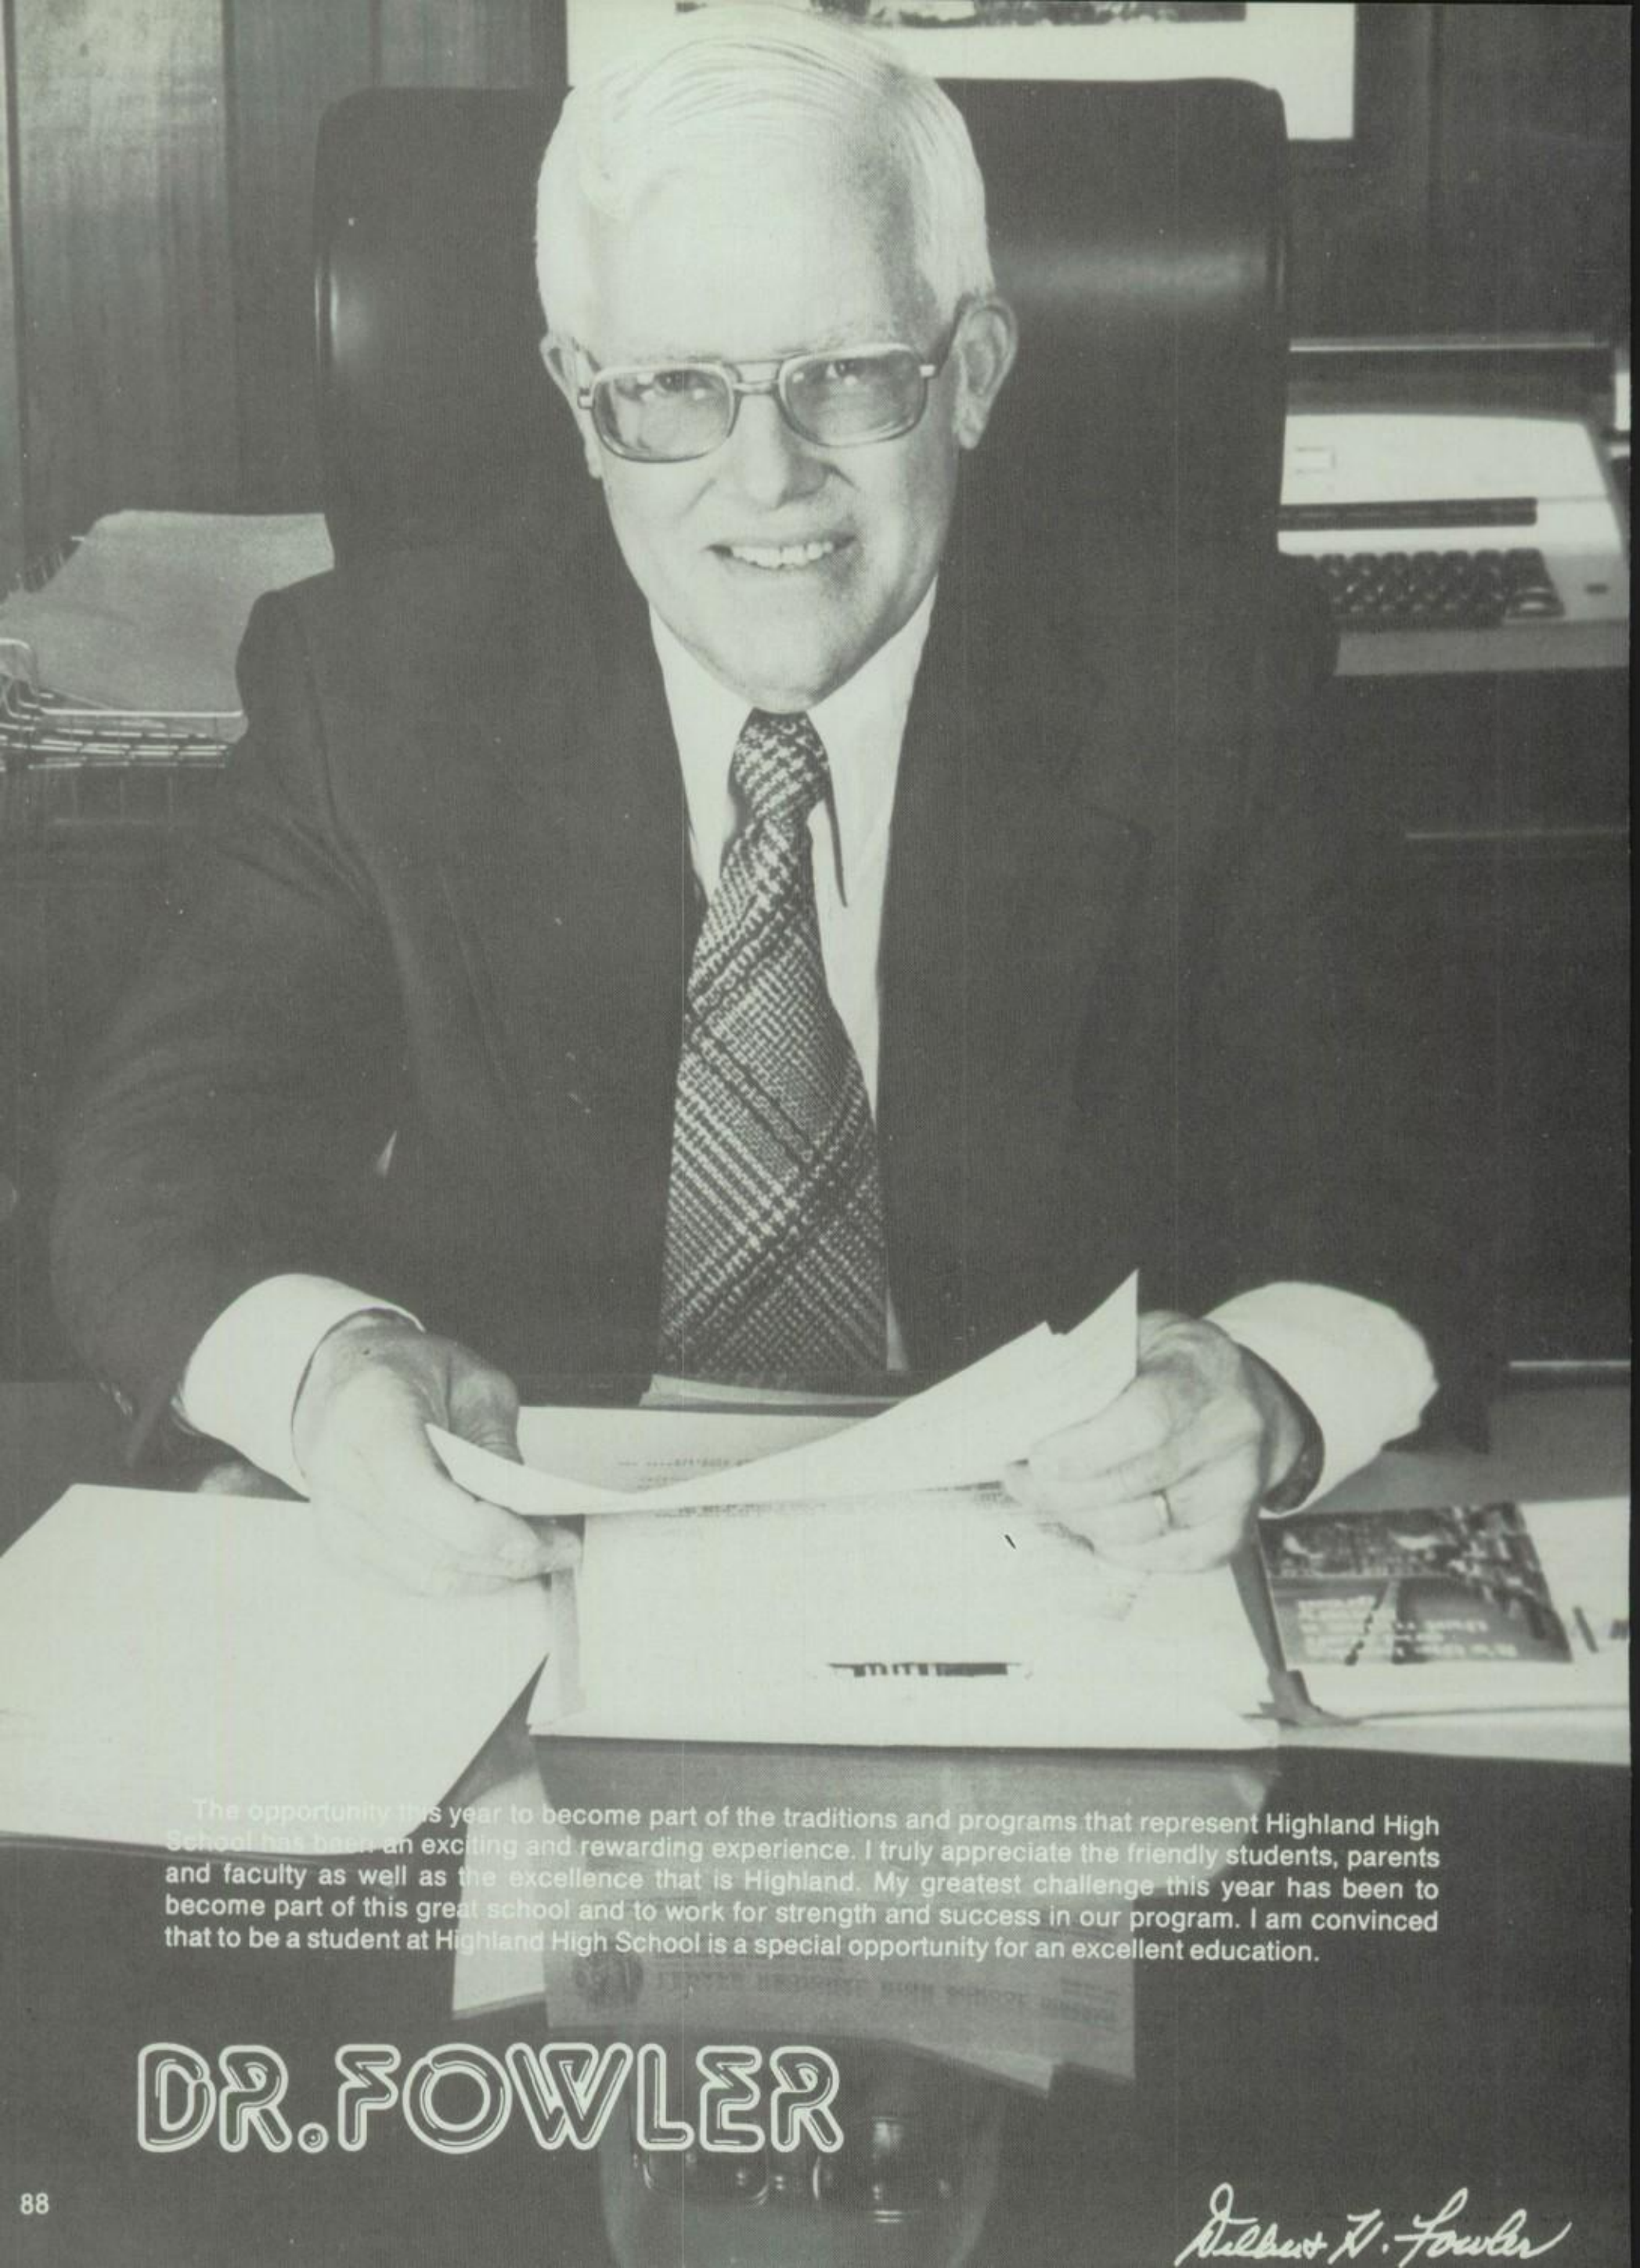


The Freshmen, in their almost child-like optimism, looked forward to those endless High School good times. Being captain of the football team, spending hours at McDonalds, serving as president of the class, or even being chosen most valuable player of the Homecoming game, became a solemn dream of promise. Through all this hoped-for excitement, the Freshmen ran to school the first day and floated in their glory. As time slowly dragged on, the untimely realization hit them: "I'm still only me."





ADMINISTRATION



The opportunity this year to become part of the traditions and programs that represent Highland High School has been an exciting and rewarding experience. I truly appreciate the friendly students, parents and faculty as well as the excellence that is Highland. My greatest challenge this year has been to become part of this great school and to work for strength and success in our program. I am convinced that to be a student at Highland High School is a special opportunity for an excellent education.

DR. FOWLER

Dr. Robert N. Fowler

MR. HARWOOD

Whether it is the football team working together to win their game, the A'Cappella giving an excellent performance, or a Sterling Scholar receiving an award, it all boils down to one thing — a desire to become an expert. A person who is dedicated enough to become excellent in a field of his choice, deserves the respect of all. I know of many such people in this student body who plan and train to be the best. Congratulations to those who fall in this category.

James T. Harwood

Unity seems to have been the key in the make-up of this year's studentbody. The students, officers, faculty and administration have all worked hard for a better Highland High. We feel a justifiable pride in the fact that Highland is a better school because of our efforts.

BOARD OF EDUCATION

The Board of Education was able to keep their watchful eye over all the schools. Being able to detect the slightest problem, they helped provide the best education possible for us all.

Row One: Grant M. Warner, Carolyn B. Kump, Tab Lyn Uno, Susan Keene. Row Two: Richard E. Carman, Lorna H. Matheson, Wayne C. Evans.

P.T.S.A.

Parents, teachers, and students met together under the name of P.T.S.A. These fine men and women were aware of others and their unique problems. They were able to find solutions and fulfill some of Highland's goals, thus making the load a little lighter for Highland's faculty and student body.

Row One: Barbara Hesterman, Diana Lee, Earleen Gregory, Marilyn Spafford, Fern Muir, Naomi Jergensen. Row Two: Asta Austin, Jane Piercey, Marilyn Lauder, Dr. Del Fowler, Steve Ostler, LaMar C. Nagle.

CAFETERIA LADIES

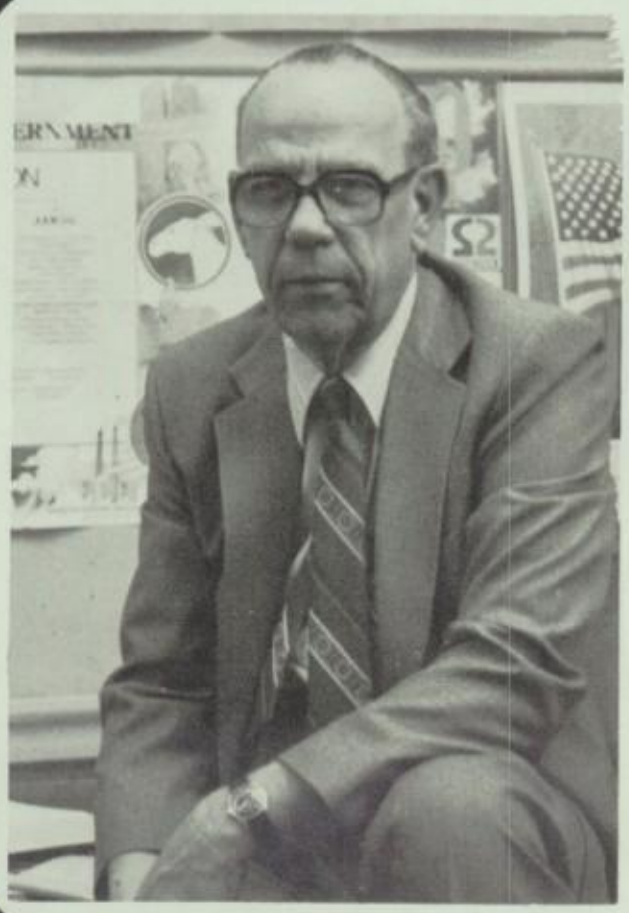
Dedicated to the health of the student body, the cafeteria ladies cheerfully dished out lunches. Ignoring the questionable looks and comments that were heard, they kept the food coming and everybody's stomachs satisfied.

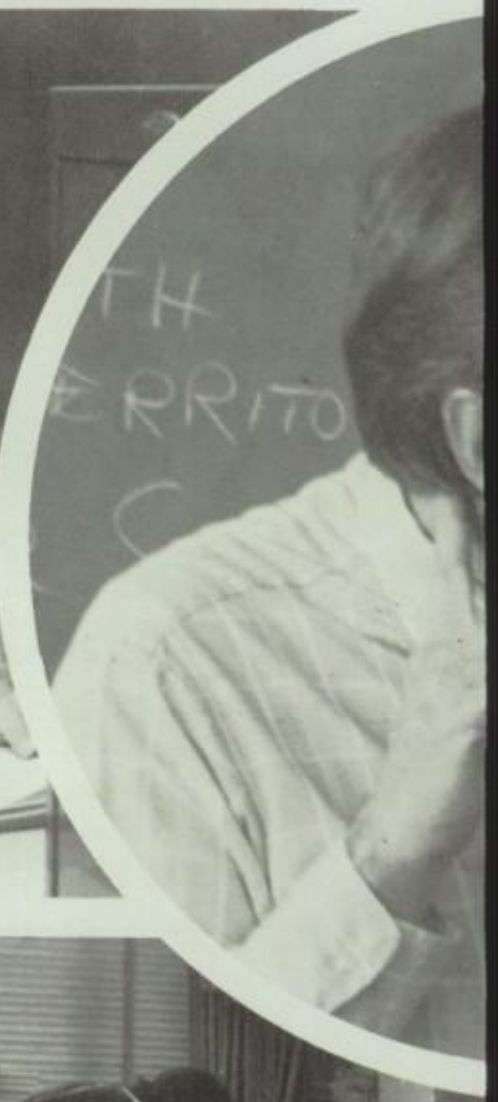
Row One: Angie Bushhead, Suzanne Bowers, Jean Bird, Wilman Dekker, Dorothy Ostlund. Row Two: Krista Garfield, Loan Lundskog, June Taylor, Joyce Locke. Not Pictured: Manager — Louise Hubbard.

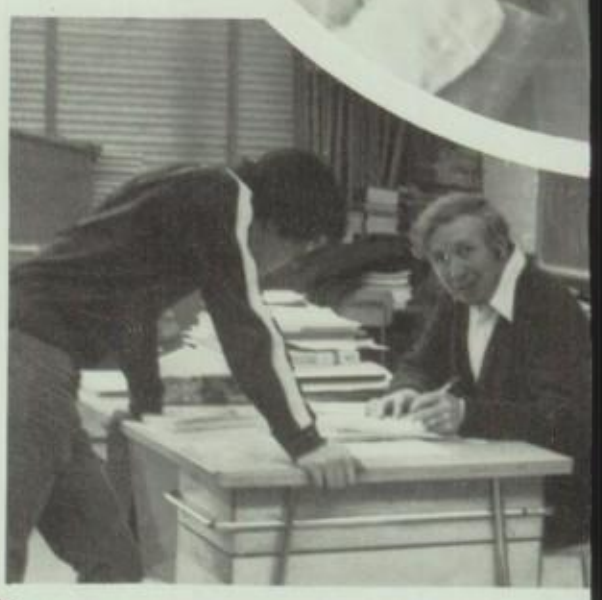
BUILDING ENGINEERS

With days of never ending work, the custodians made life a bit easier for all of us who attended school. From getting up at the crack of dawn to warm the building, to cleaning up into the wee hours of the night, our custodians soon ended up being the school's best friends.

Ronald Pettit, Kalosi Pea, Dave Watts, John VanDomburg. Not Pictured: Robin Anderson, Tony Anselmo, Boyd Garrick, Cosmo Lavoto, Margaret Leavitt, Lyle Perry, Clyde Smith, Robert Tompson, Lorna Valdez.







Working as a team to unite the students, the faculty kept themselves busy. Whether they were in a faculty meeting, at a football game, or talking to a concerned parent, they did their job well and the students respected them for it.

FACULTY

ORGANIZATIONS

CHEERLEADERS

PAM STEVENS JOHN BYTHEWAY

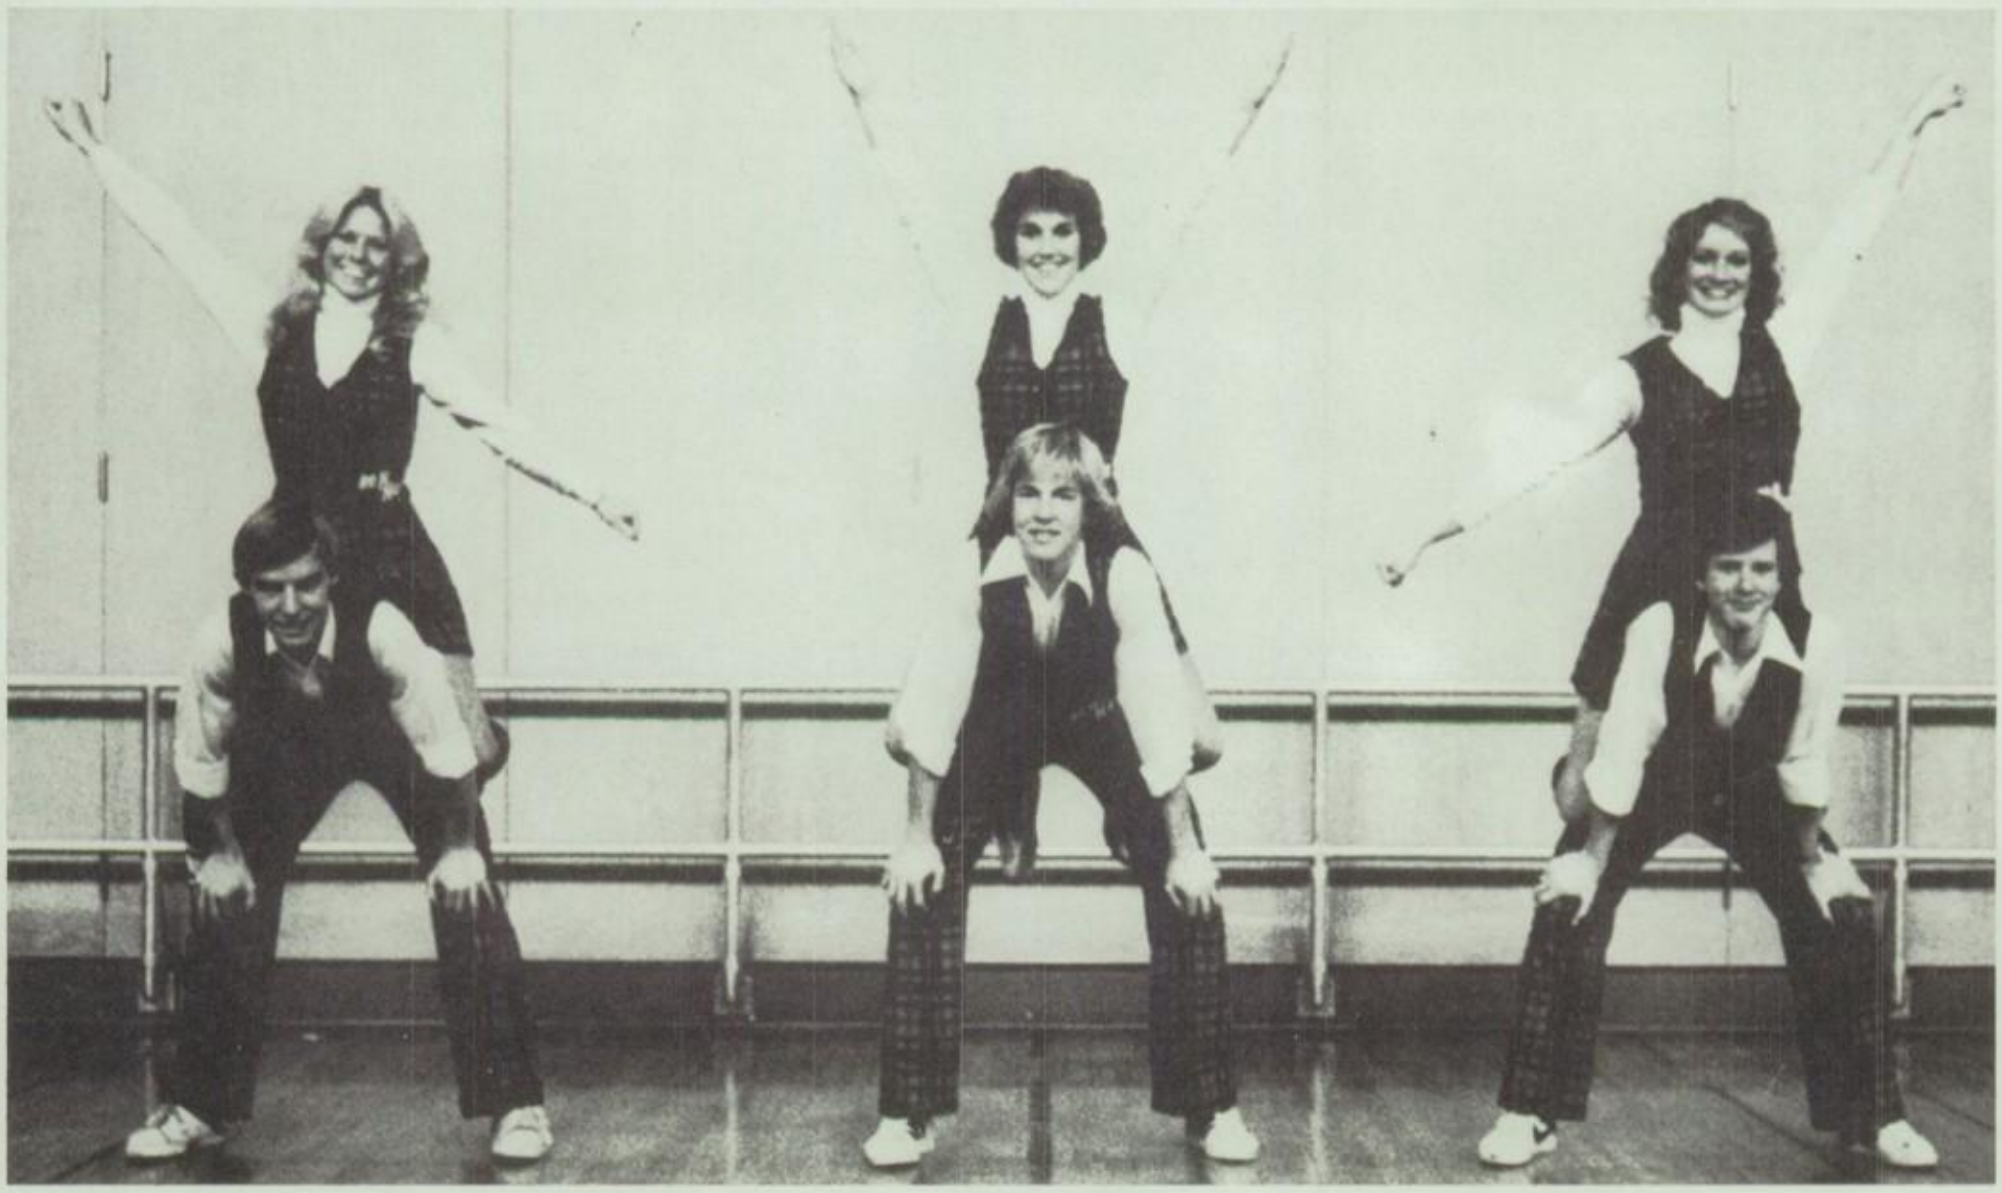
Whether it was at a game or at an average day at school, Pam could always be found in the midst of a crowd. Her bright smile had the tendancy to warm what could have otherwise been a dismal situation.

Leading a cheer, imitating Lawrence Welk, or singing with the sopranos, John seemed to have the talent for getting a laugh out of everyone. Staying up late to finish assembly props or cheering at a pre-season game, John was dedicated to Highland and showed the true enthusiasm of a cheerleader.

MARY FORD CRAIG SCOTT

With her exciting ideas and fun loving personality, Mary was always the life of the party. Being serious when the time called for it, Mary could flip-flop an idea over and make it a masterpiece.

Being the short dynamo of the cheerleaders, Craig gave a big contribution of spirit to the cheering crowds. His fantastic tumbling put him in a class alone, and his vibrant personality kept things alive.



Charisse's sparkling enthusiasm and good looks raised a spontaneous cheer from any available fan. Known for her incredibly professional cartwheels, she added her own unique style to the art of cheerleading.

Being the only man with previous experience, Jon was able to motivate everyone to cheer just a little louder. His absolutely crazy personality and perfected technique made him capable of even the most unbelievable antics. Whether he was flipping through the air, or yelling "Hold 'em," all were impressed by Jon's unending supply of energy.

The Highland Lassies were often thought of as hyper-active little juniors. But considering the hours spent decorating and marching in the wee hours of the morning, who wouldn't become slightly slap-happy! The pep-clubbers were always able to cheer wildly for anyone wearing black and white. Their enthusiasm brought a new dimension of spirit to Highland.

HONOR SOCIETY

Through the parties, guest speakers, and group protests, Honor Society improved themselves and had fun at the same time. This outstanding group with their soaring G.P.A.'s held an honorable spot at Highland. With a unique flare they set standards which will be hard to beat.

Jazz kept groovin' throughout the year. By singing their "improvs" and "solos," the group was able to keep with Highland's beat. Being the only Jazz group in the city, it was easy for them to carry on the excellent tradition of former years.

JUNIOR CHOIR

Getting accustomed to the leisure life of an upperclassman, the Junior Choir enjoyed the leisure style of Mr. "C." And though their classes were casual, a lot was accomplished and learned. By the end of the year, these young singers were prepared for the excitemet of A'Cappella, Mads, and Jazz.

With deep breaths, the Sophs. desperately inhaled each bit of information Mrs. Hewlett gave them. Before moving on to Mr. "C", each had memories of the "Mistletoe Song" and who the lucky ones were who had received those last-chance kisses.

FRESHMEN GLEE

Being the youngest choir at Highland, the freshmen glee started out their career in music on a good note. There were few wasted days under Mrs. Hewlett's direction and each girl developed an appreciation for music, in spite of having to sing in trios.

SENIOR WOMEN

OFFICERS: Becky Bult, President; Catherine Sudweeks, Vice-President; Kari Parks, Secretary; Lori Hesterman, Treasurer.

Highland's Senior Women of '81 were able to change the image associated with them from former years. These classy ladies were able to step out of the traditional stereotype and give the younger classwomen a run for their money — allowing the opposite sex to "chick it out." Making the best of their last year in high school they were involved in all the activities that allowed their many talents to shine through.

MEDICAL CAREERS

Having the opportunity to visit the hospital weekly and even participate in some of the responsibilites, the Medical Careers students began to appreciate the hospital environment. From the grueling, after-school workouts, to the exasperatig games, the football players showed what they were made of. Sprints, stretches, weight lifting, 2-a-days, and sleds, built brawn while spirituals built unity. They had the determination to try, the dedication to work, and the strength to win — making all of us wish we had those same qualities.

With a great season filled with success, the track team pulled out ahead and made a startling finish for Highland. From jumping, to running, to throwing, these members showed that their "athletes feet" could actually destroy their competitors.

In their "spare time", the 80-81 Bowling Team could always be found having a "ball". Whether they were down a dark alley, or up a sparkling lane, somehow their opponents always landed in the gutter. Diligently "striking" away to increase their handicaps, the bowling team worked together to roll the game away.

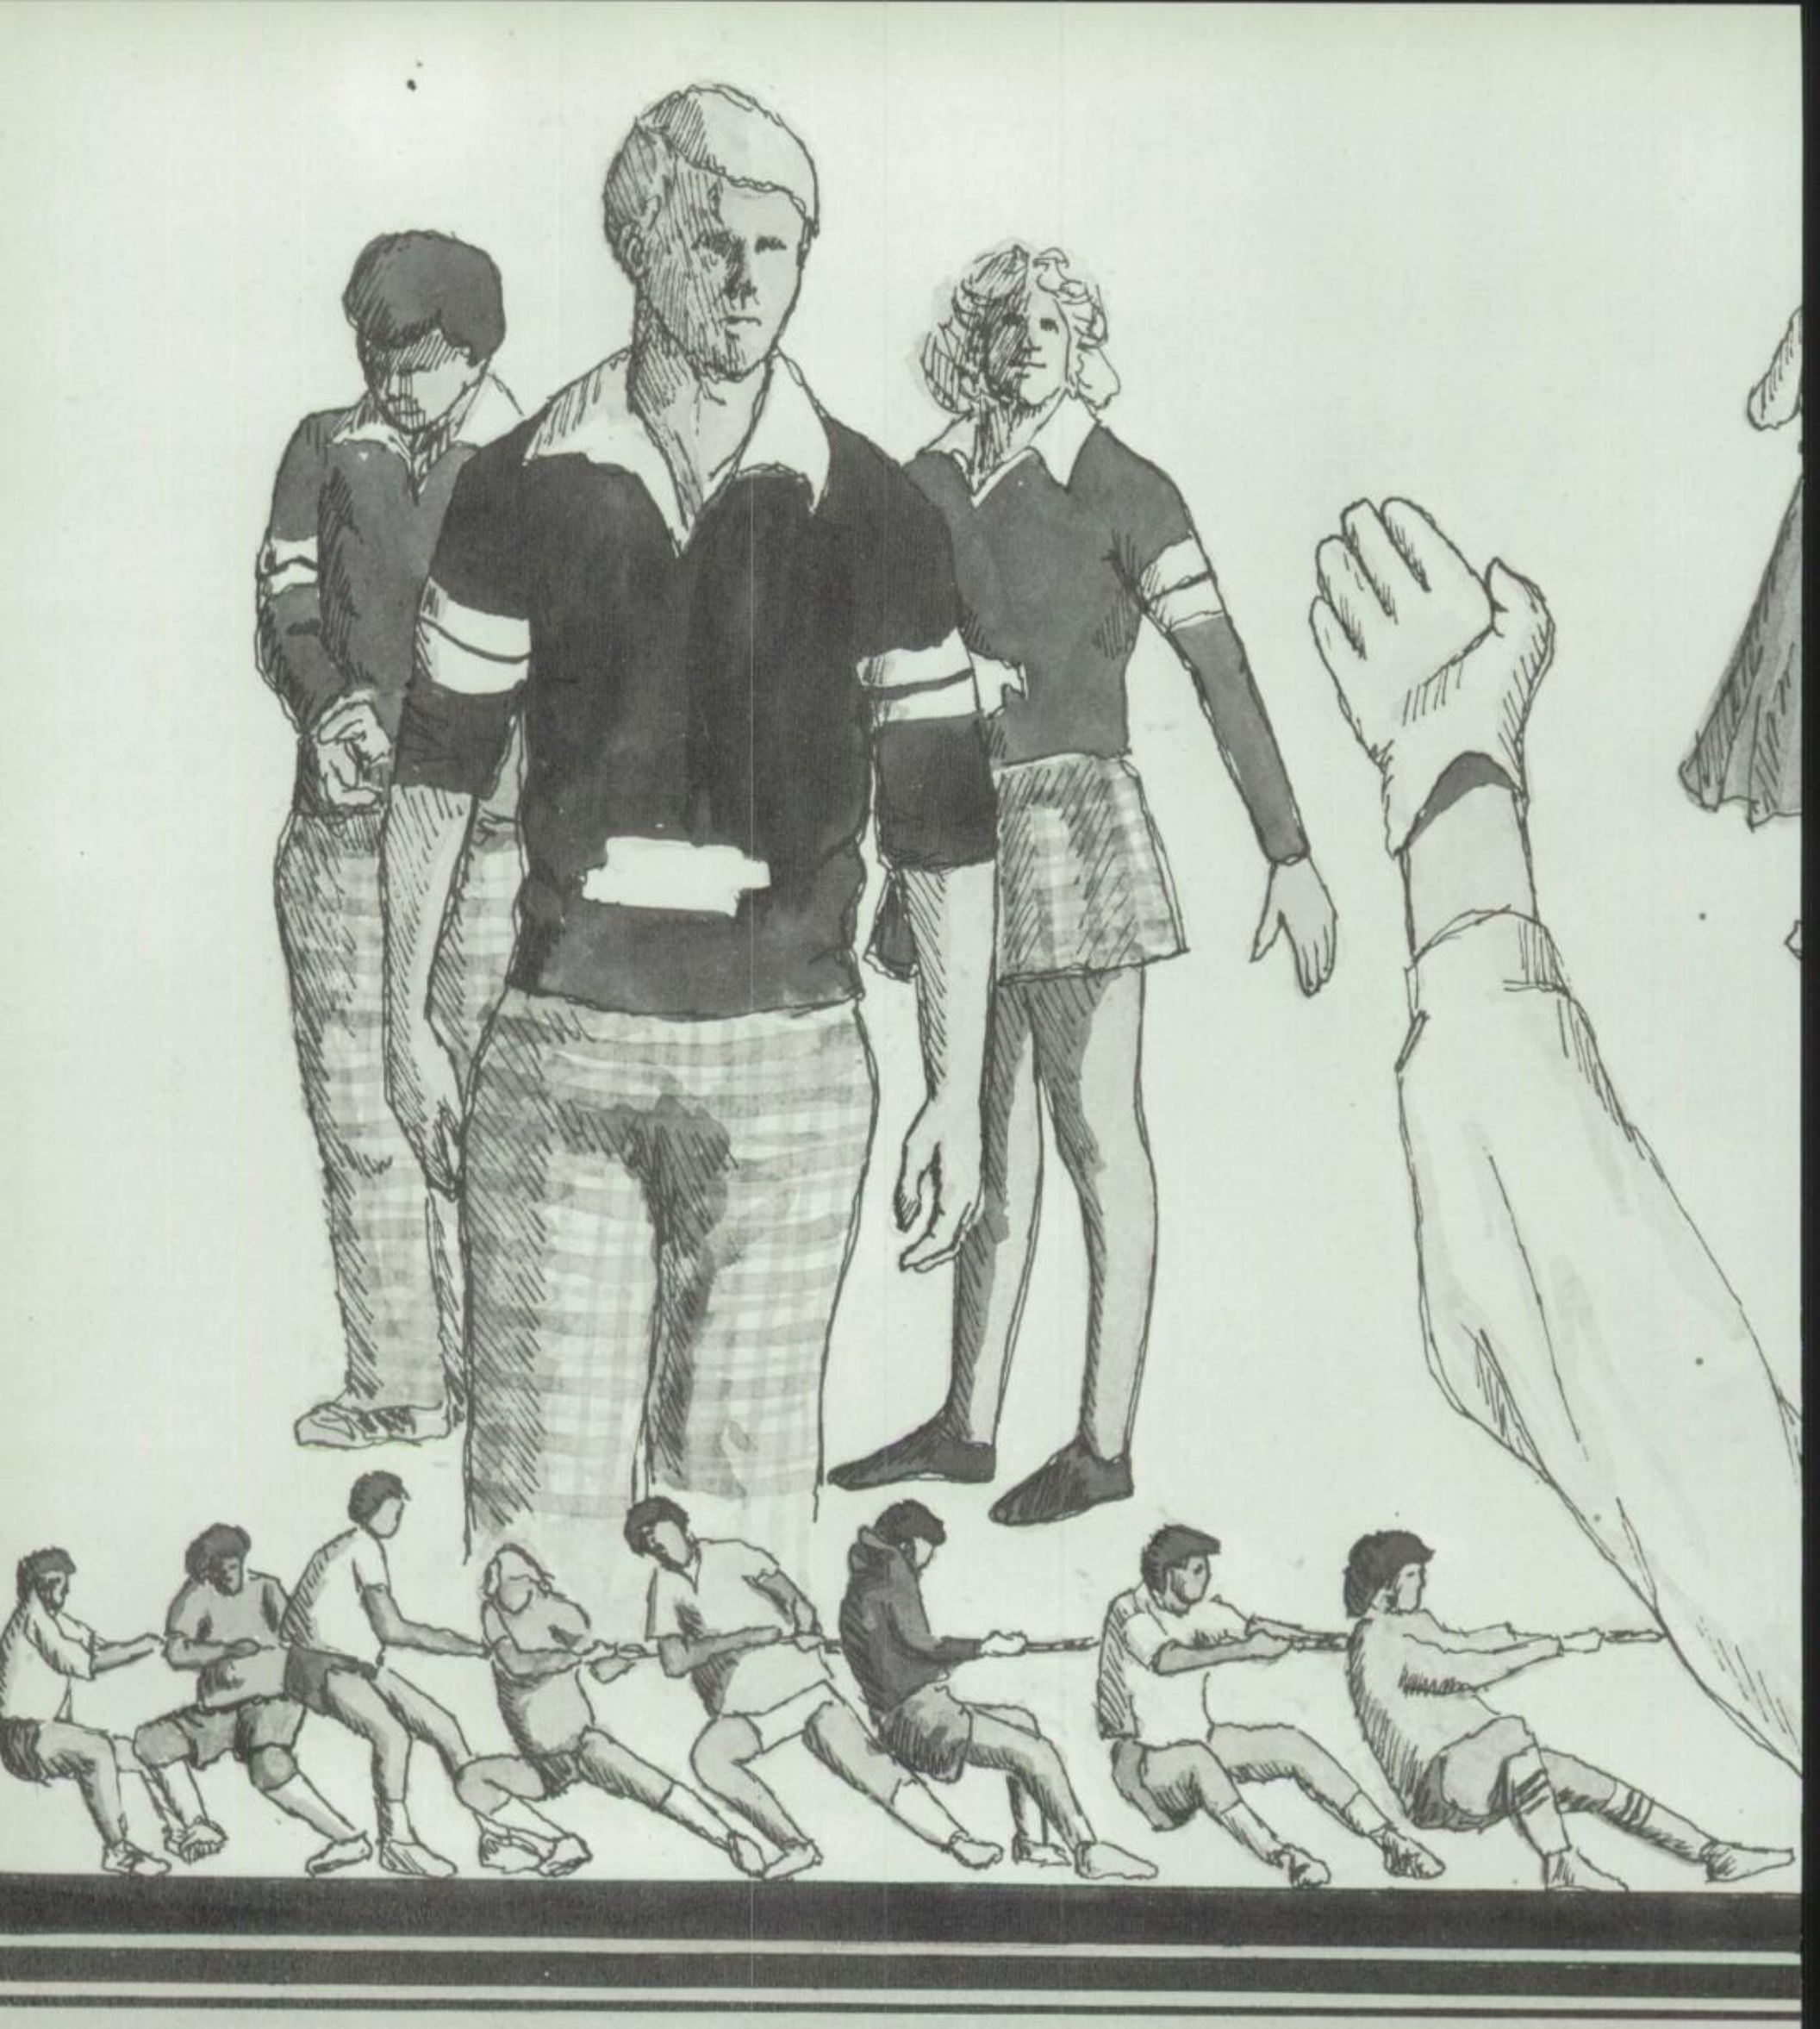
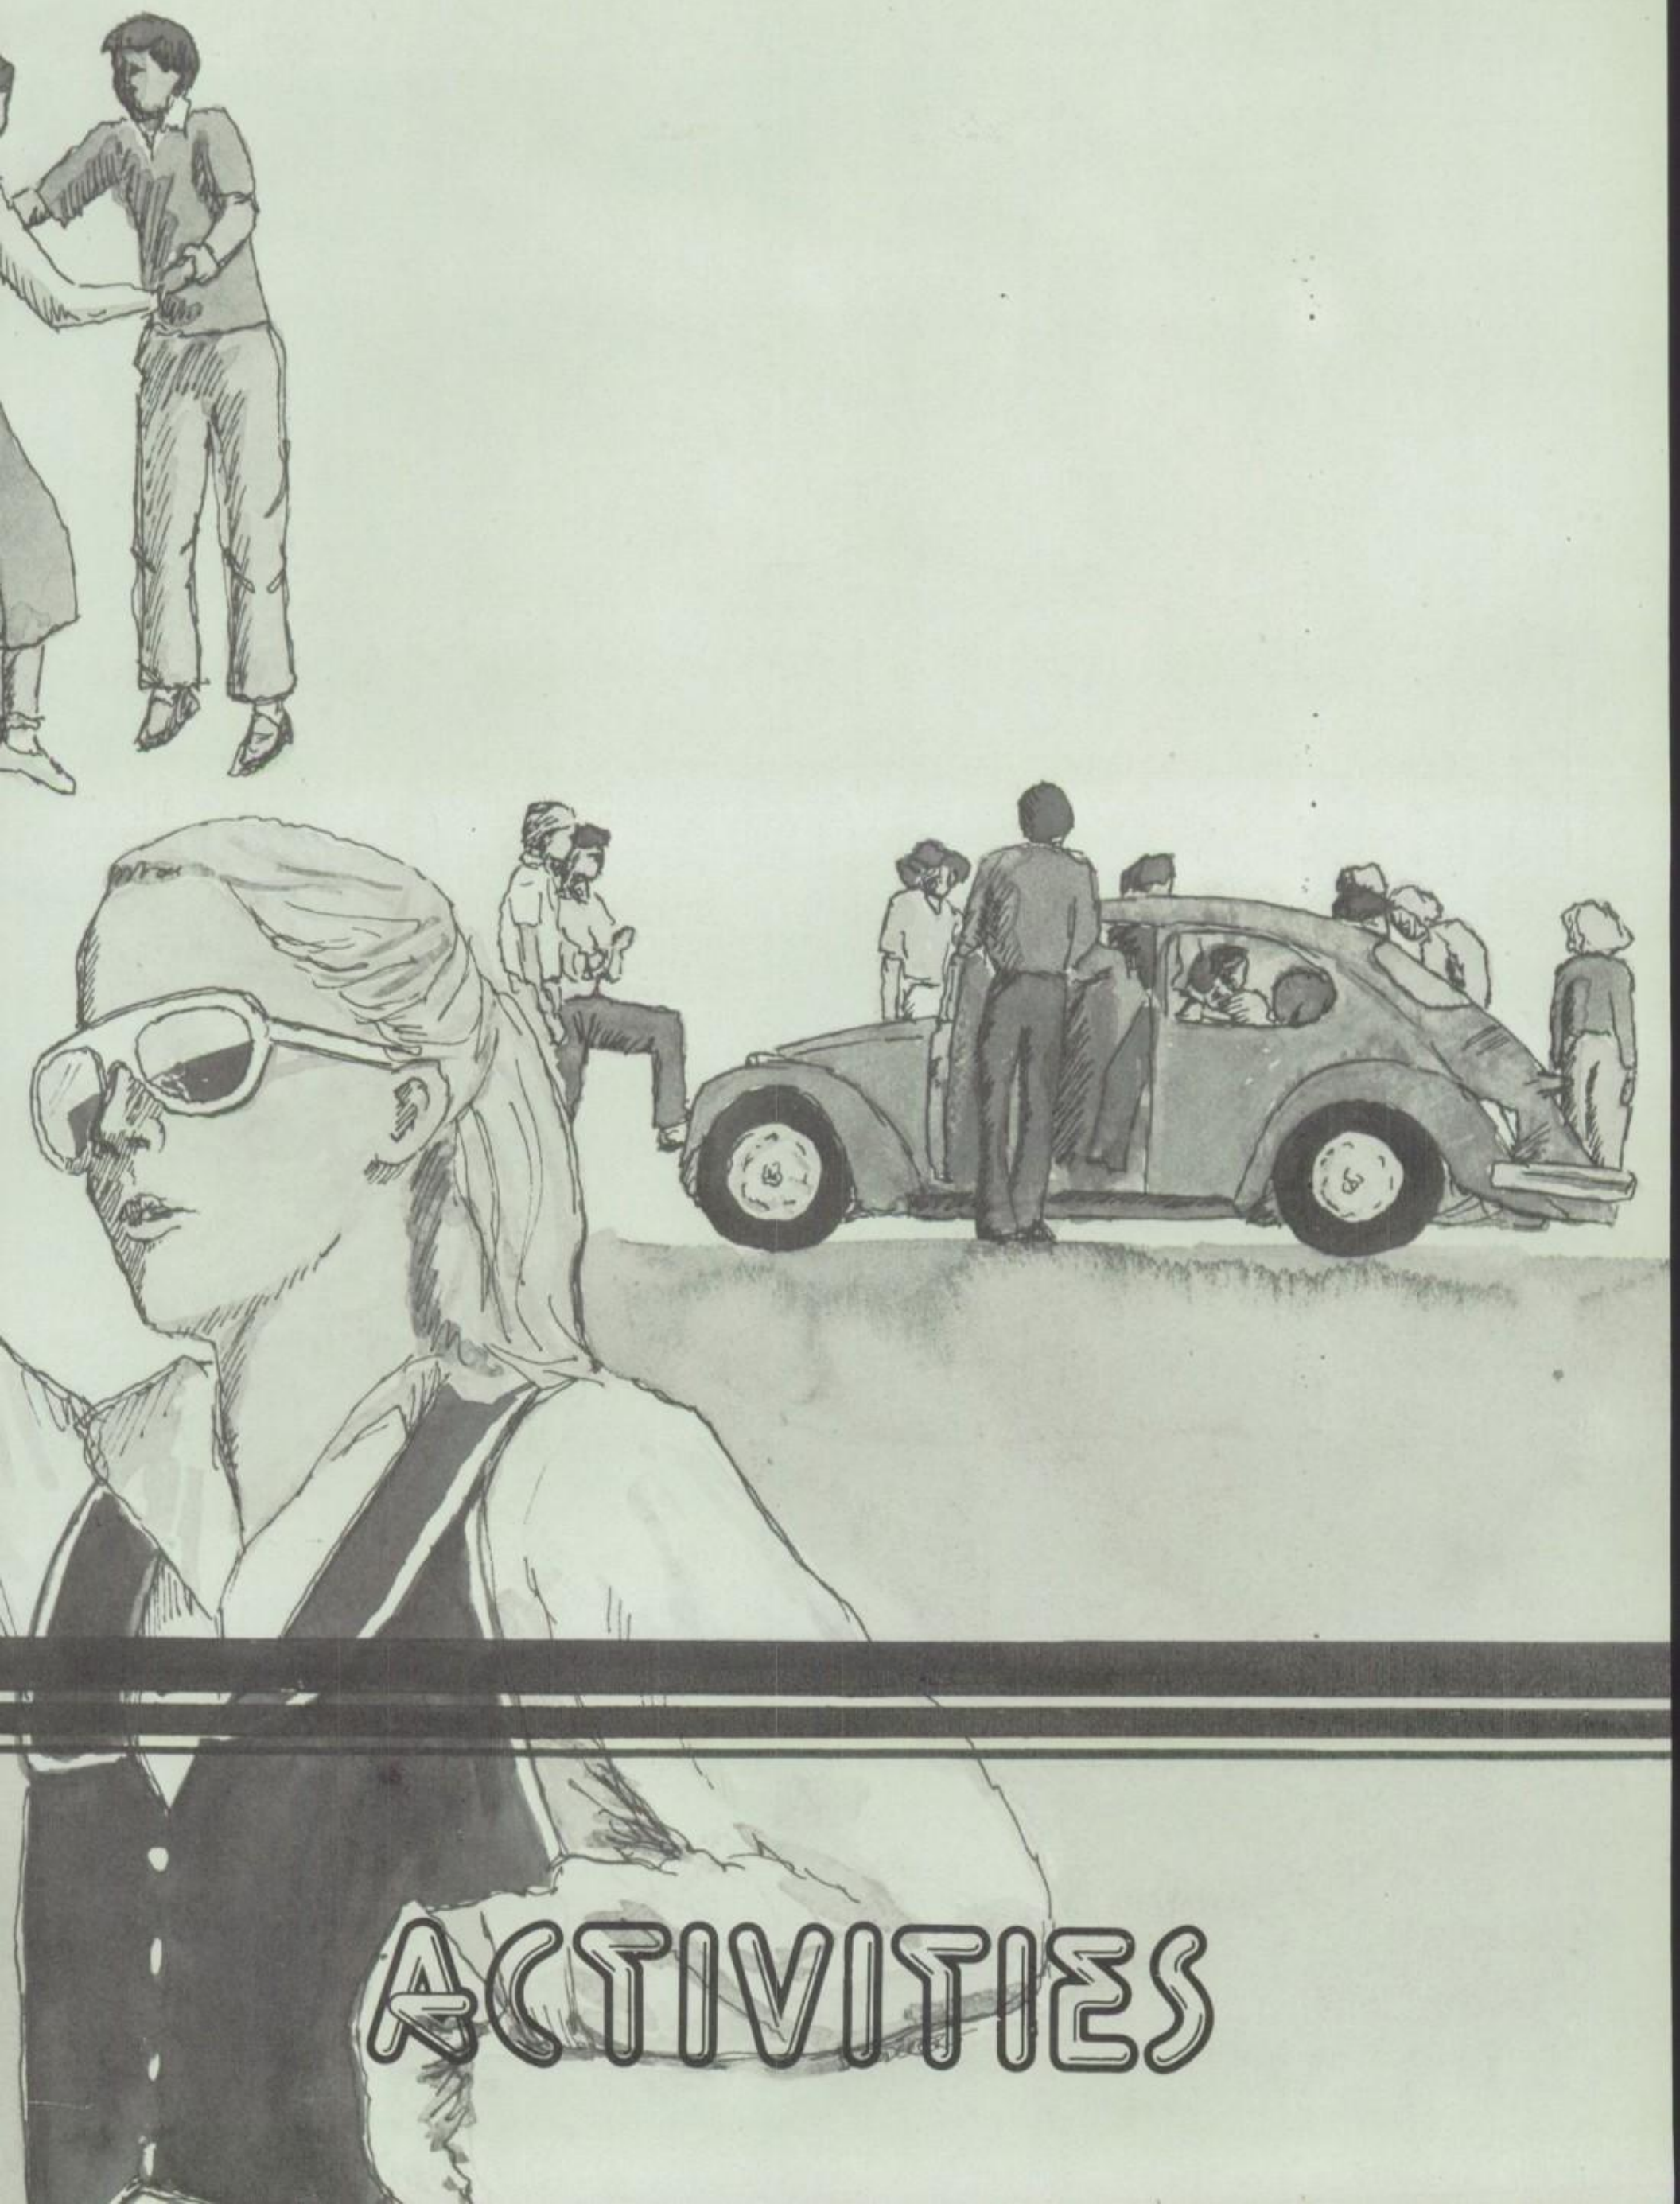
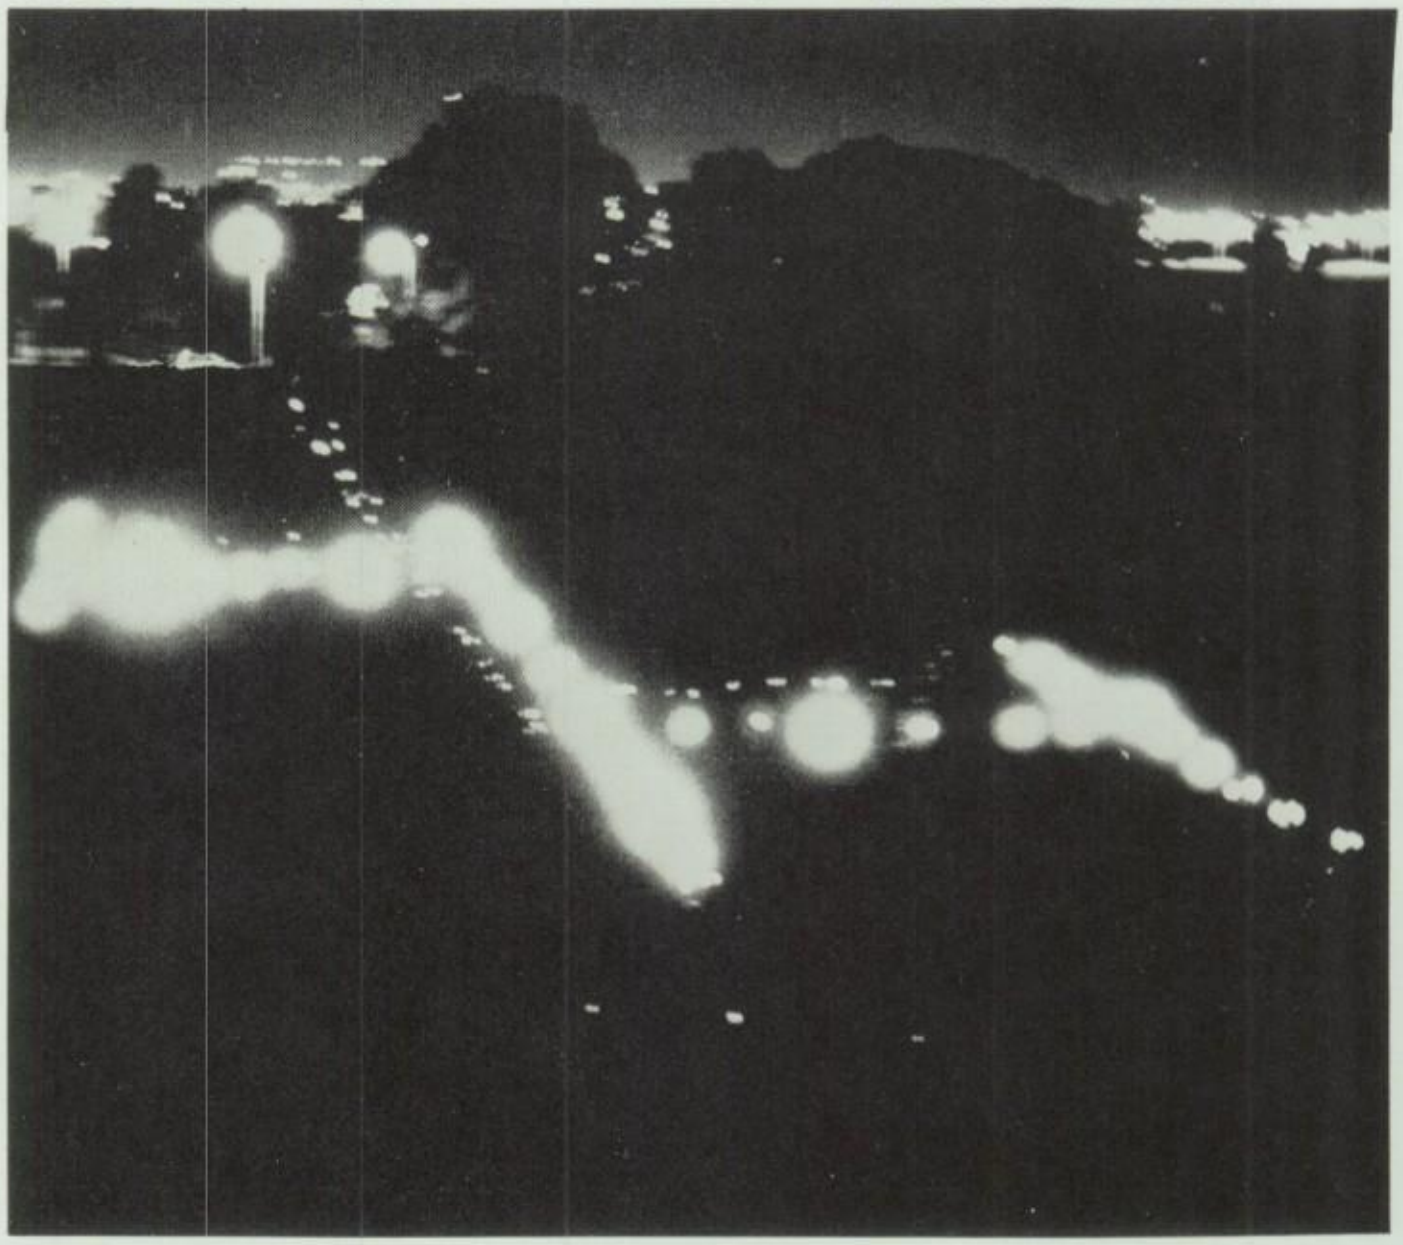
Whether they were hurdling obstacles or dashing to the finish line, the team made sure that they left the field with a win. Although each event was an individual event, they worked together as though it were a marathon. By "tracking" their opponents down, they finished the season with a successful record.

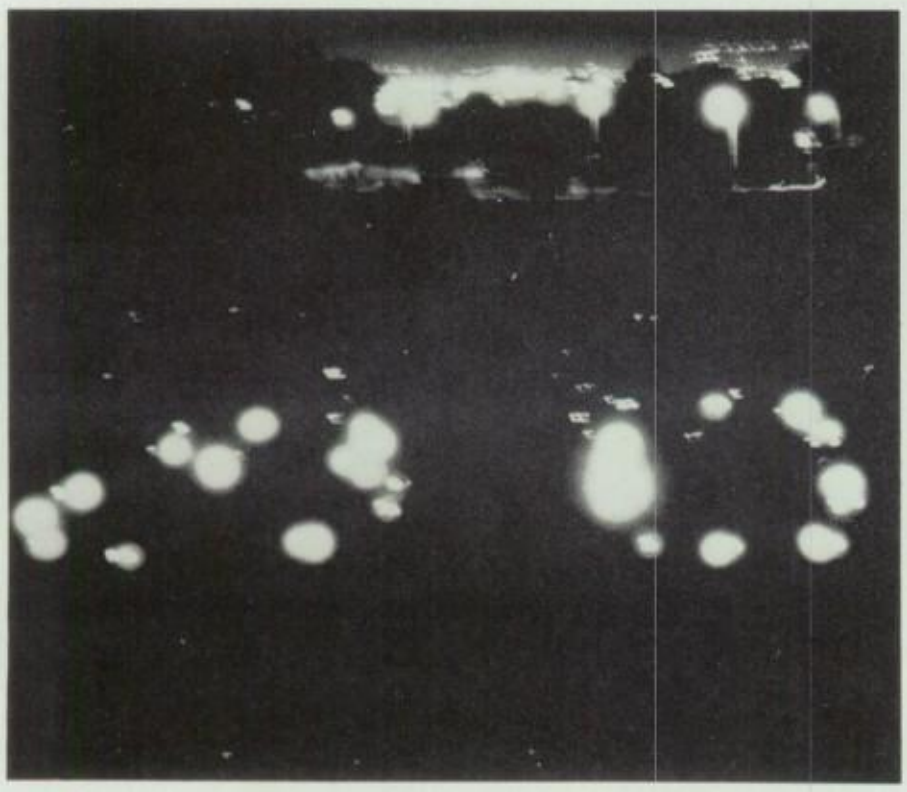




ACTIVITIES

PRE-SCHOOL PEP RALLY



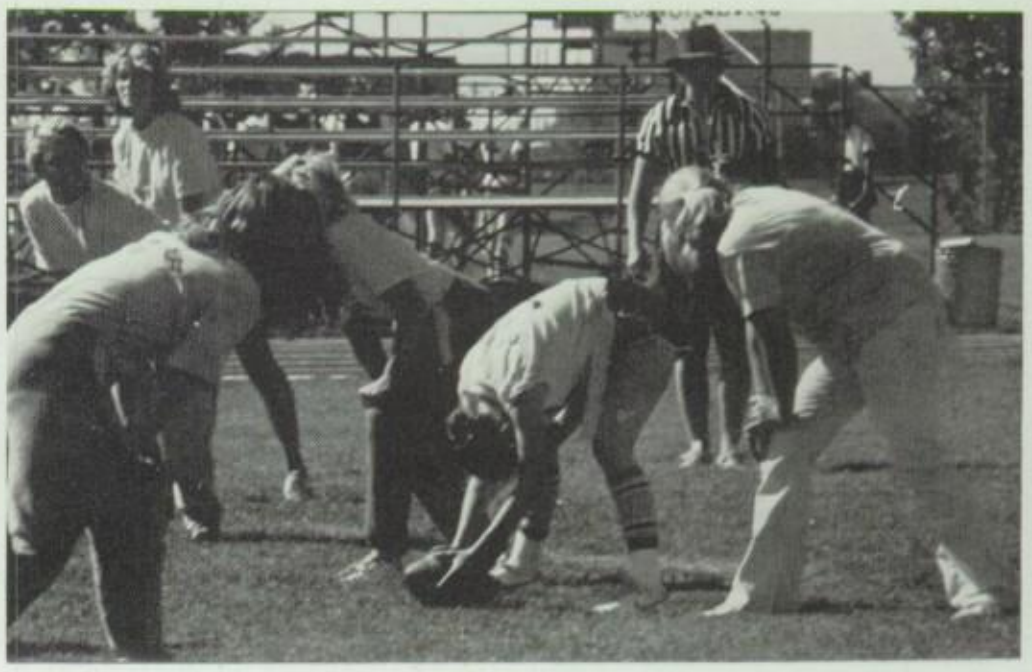


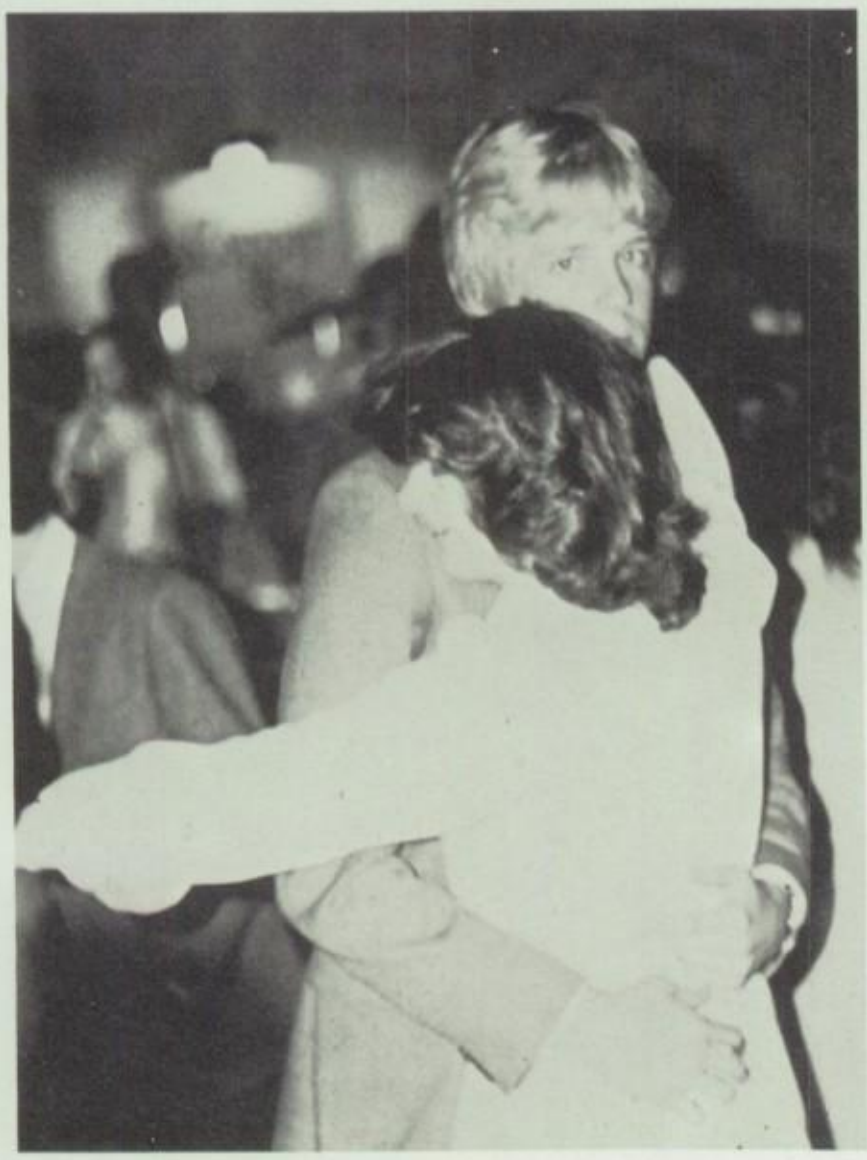
With the close of summer, the pep-rally brought the students of Highland together for another year. With the smiles and laughter of old friends, along with a stomp and the first march of the Pep Club, the rally was a happy reunion.

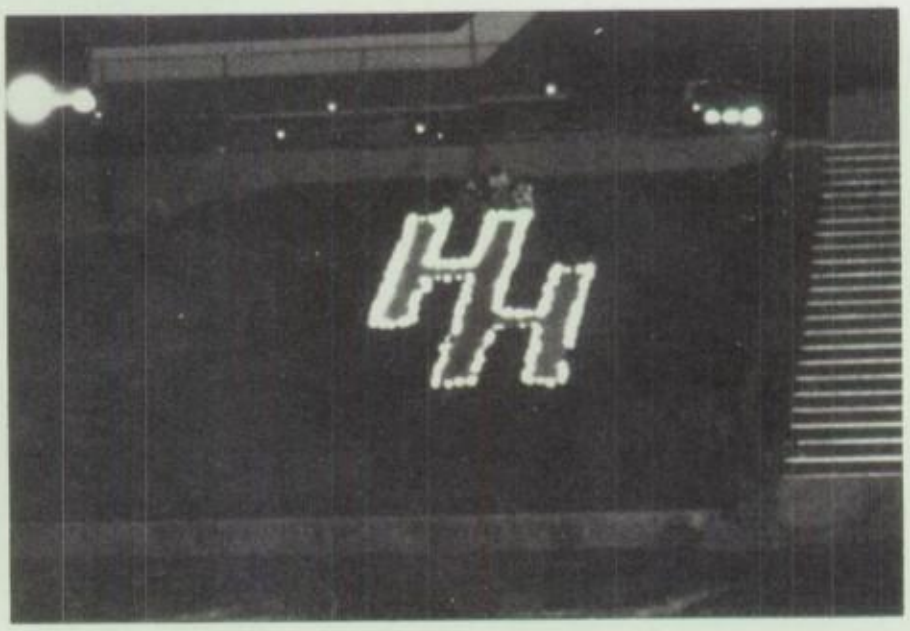
HELLO DAY

After a three month break, it was nice to return to friends and school. Hello-day was a good chance to see old associates and begin to feel at home. For the freshmen, everything was new and this was an opportunity to give them a big welcome. Coming back to Highland gave the students an opportunity to feel the spirit of the school.

HOMECOMING







With the lazy summer air still fresh on our minds, Highland students and alumni participated in the special Homecoming Week. Through the traditional activities and the exciting football game, all felt a common bond through the spirit that Highland had carried forth through the years. With an elated spirit, everyone got involved and created "Images of an Era" that made Homecoming Week one to remember.

DANCES

We all imagined the perfect evening — eating by candlelight in a romantic atmosphere with the mood just so, and then dancing into our own wonderland But when we came to reality (as we tripped down the stairs of the porch, or spilled food on our laps as we ate) we began to sense that the night would be a little different than expected. Yet, somehow we laughed at each other's acts of gracefulness, and began to realize we were having the time of our lives!

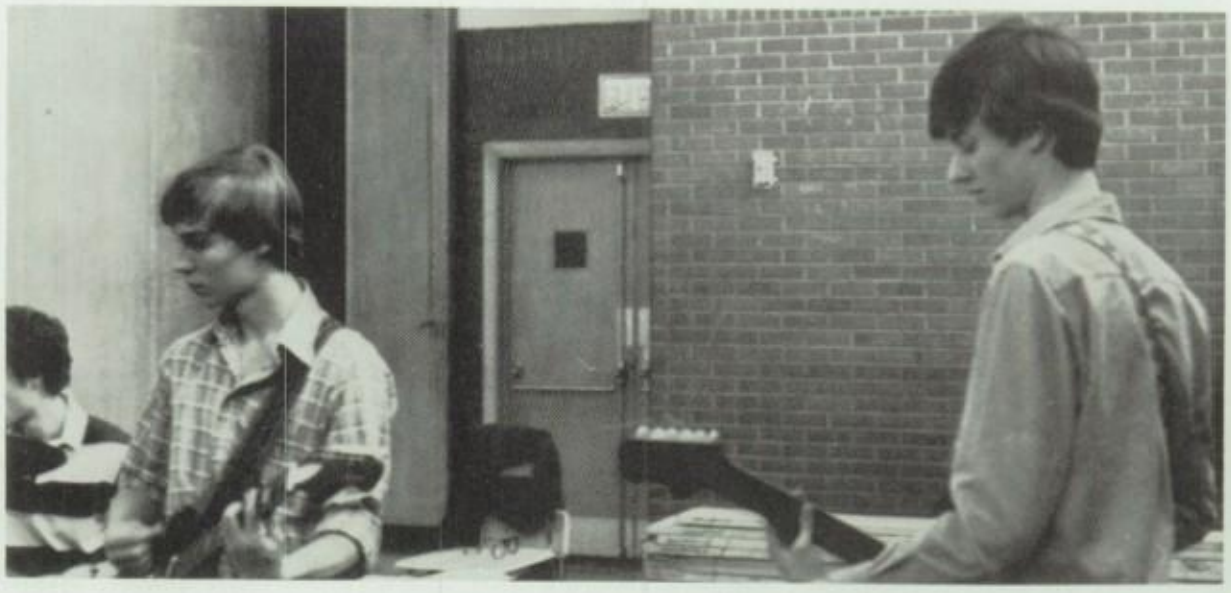
Traditionally, Highland's Royalty includes popular, out-going, good-looking men and women. These enthusiastic students proved that this prestigious title was well awarded. They combined their spontaneous smiles with many inner qualities, to achieve their place of honor.

STOMPS



After a few formal dances, the leisure but "structured" stomps were a refreshing break. With the terrific bands and easy-going atmosphere, the segregated staring contests of male and female slowly dispersed. A feeling of unity gave all the courage to give it a try and a realization that we were all bound to have a good time.

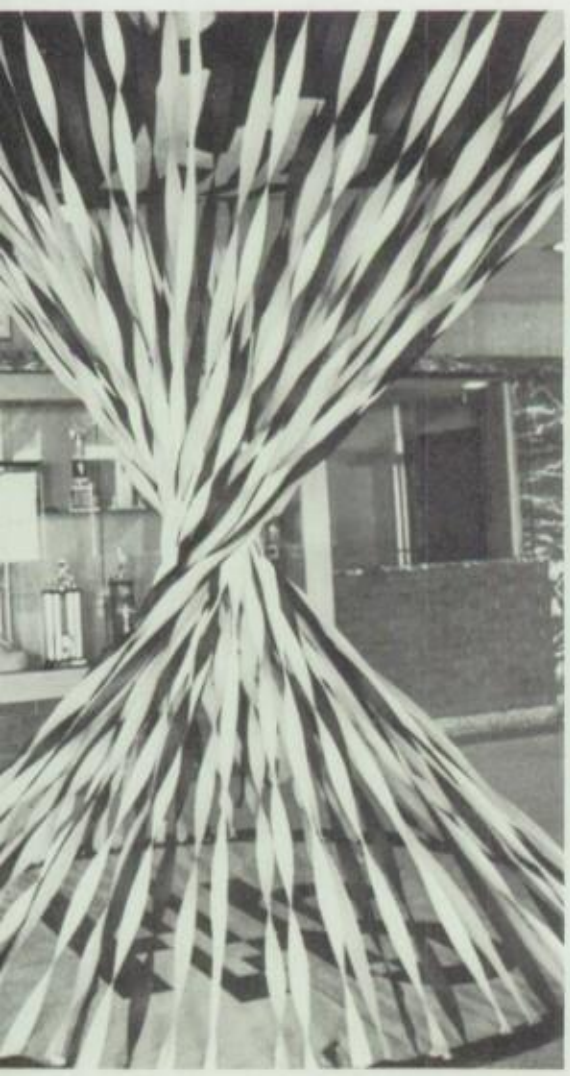
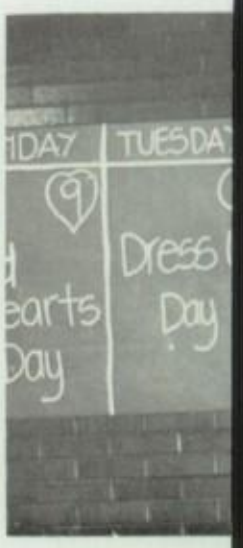
SPIRIT WEEK

With everyone contributing to make Spirit Week a success, each class worked together to prove they had the greatest amount of school spirit. The week started off with the traditional VW stuff, decorated halls, an exciting assembly, and finally the hidden spirit stick. The Battle of the Classes was the highlight of the week with the Juniors running away with the title. Because of the great planning by the cheerleaders and SBO's, everyone became involved and was ready to take State!



WOMENS' WEEK



Planning exciting activities, the HAW committee successfully entertained the Highland women during the Women's Week. Starting with a fashion show and ending with a spectacular dance, the week fulfilled every woman's ultimate dream.

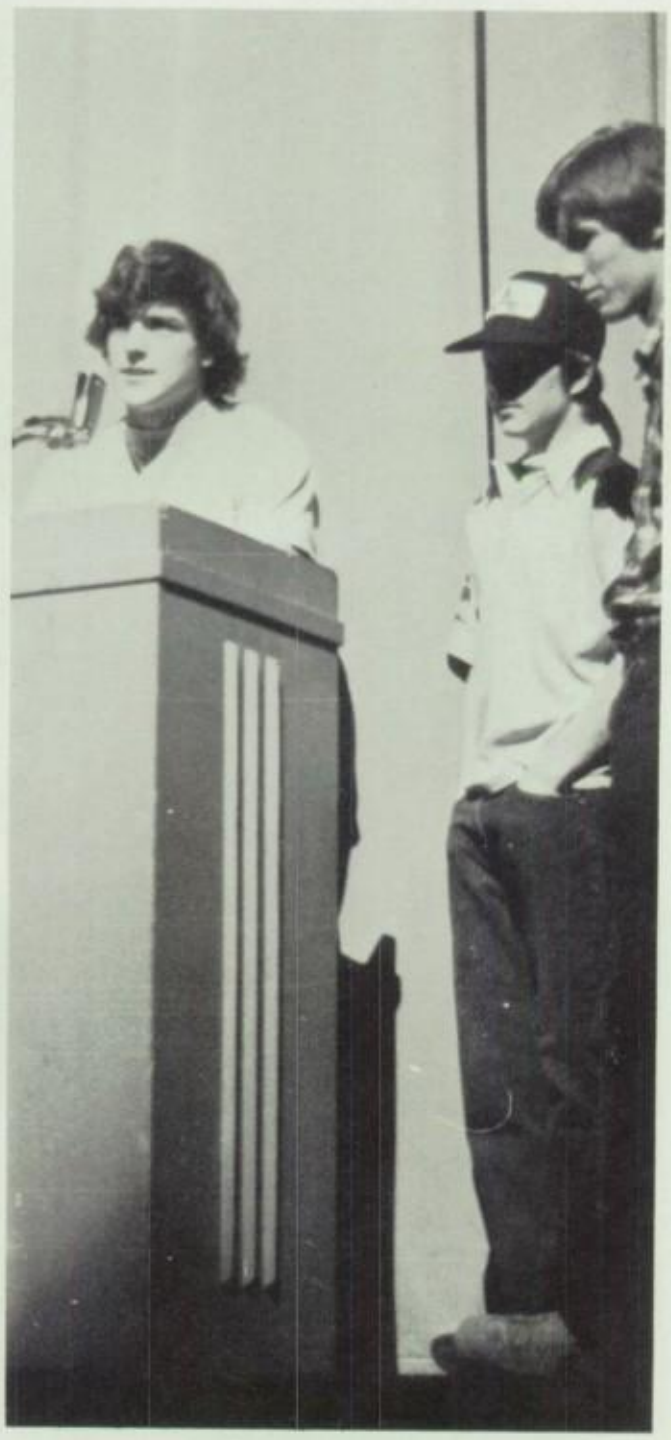
DANCE CONCERT

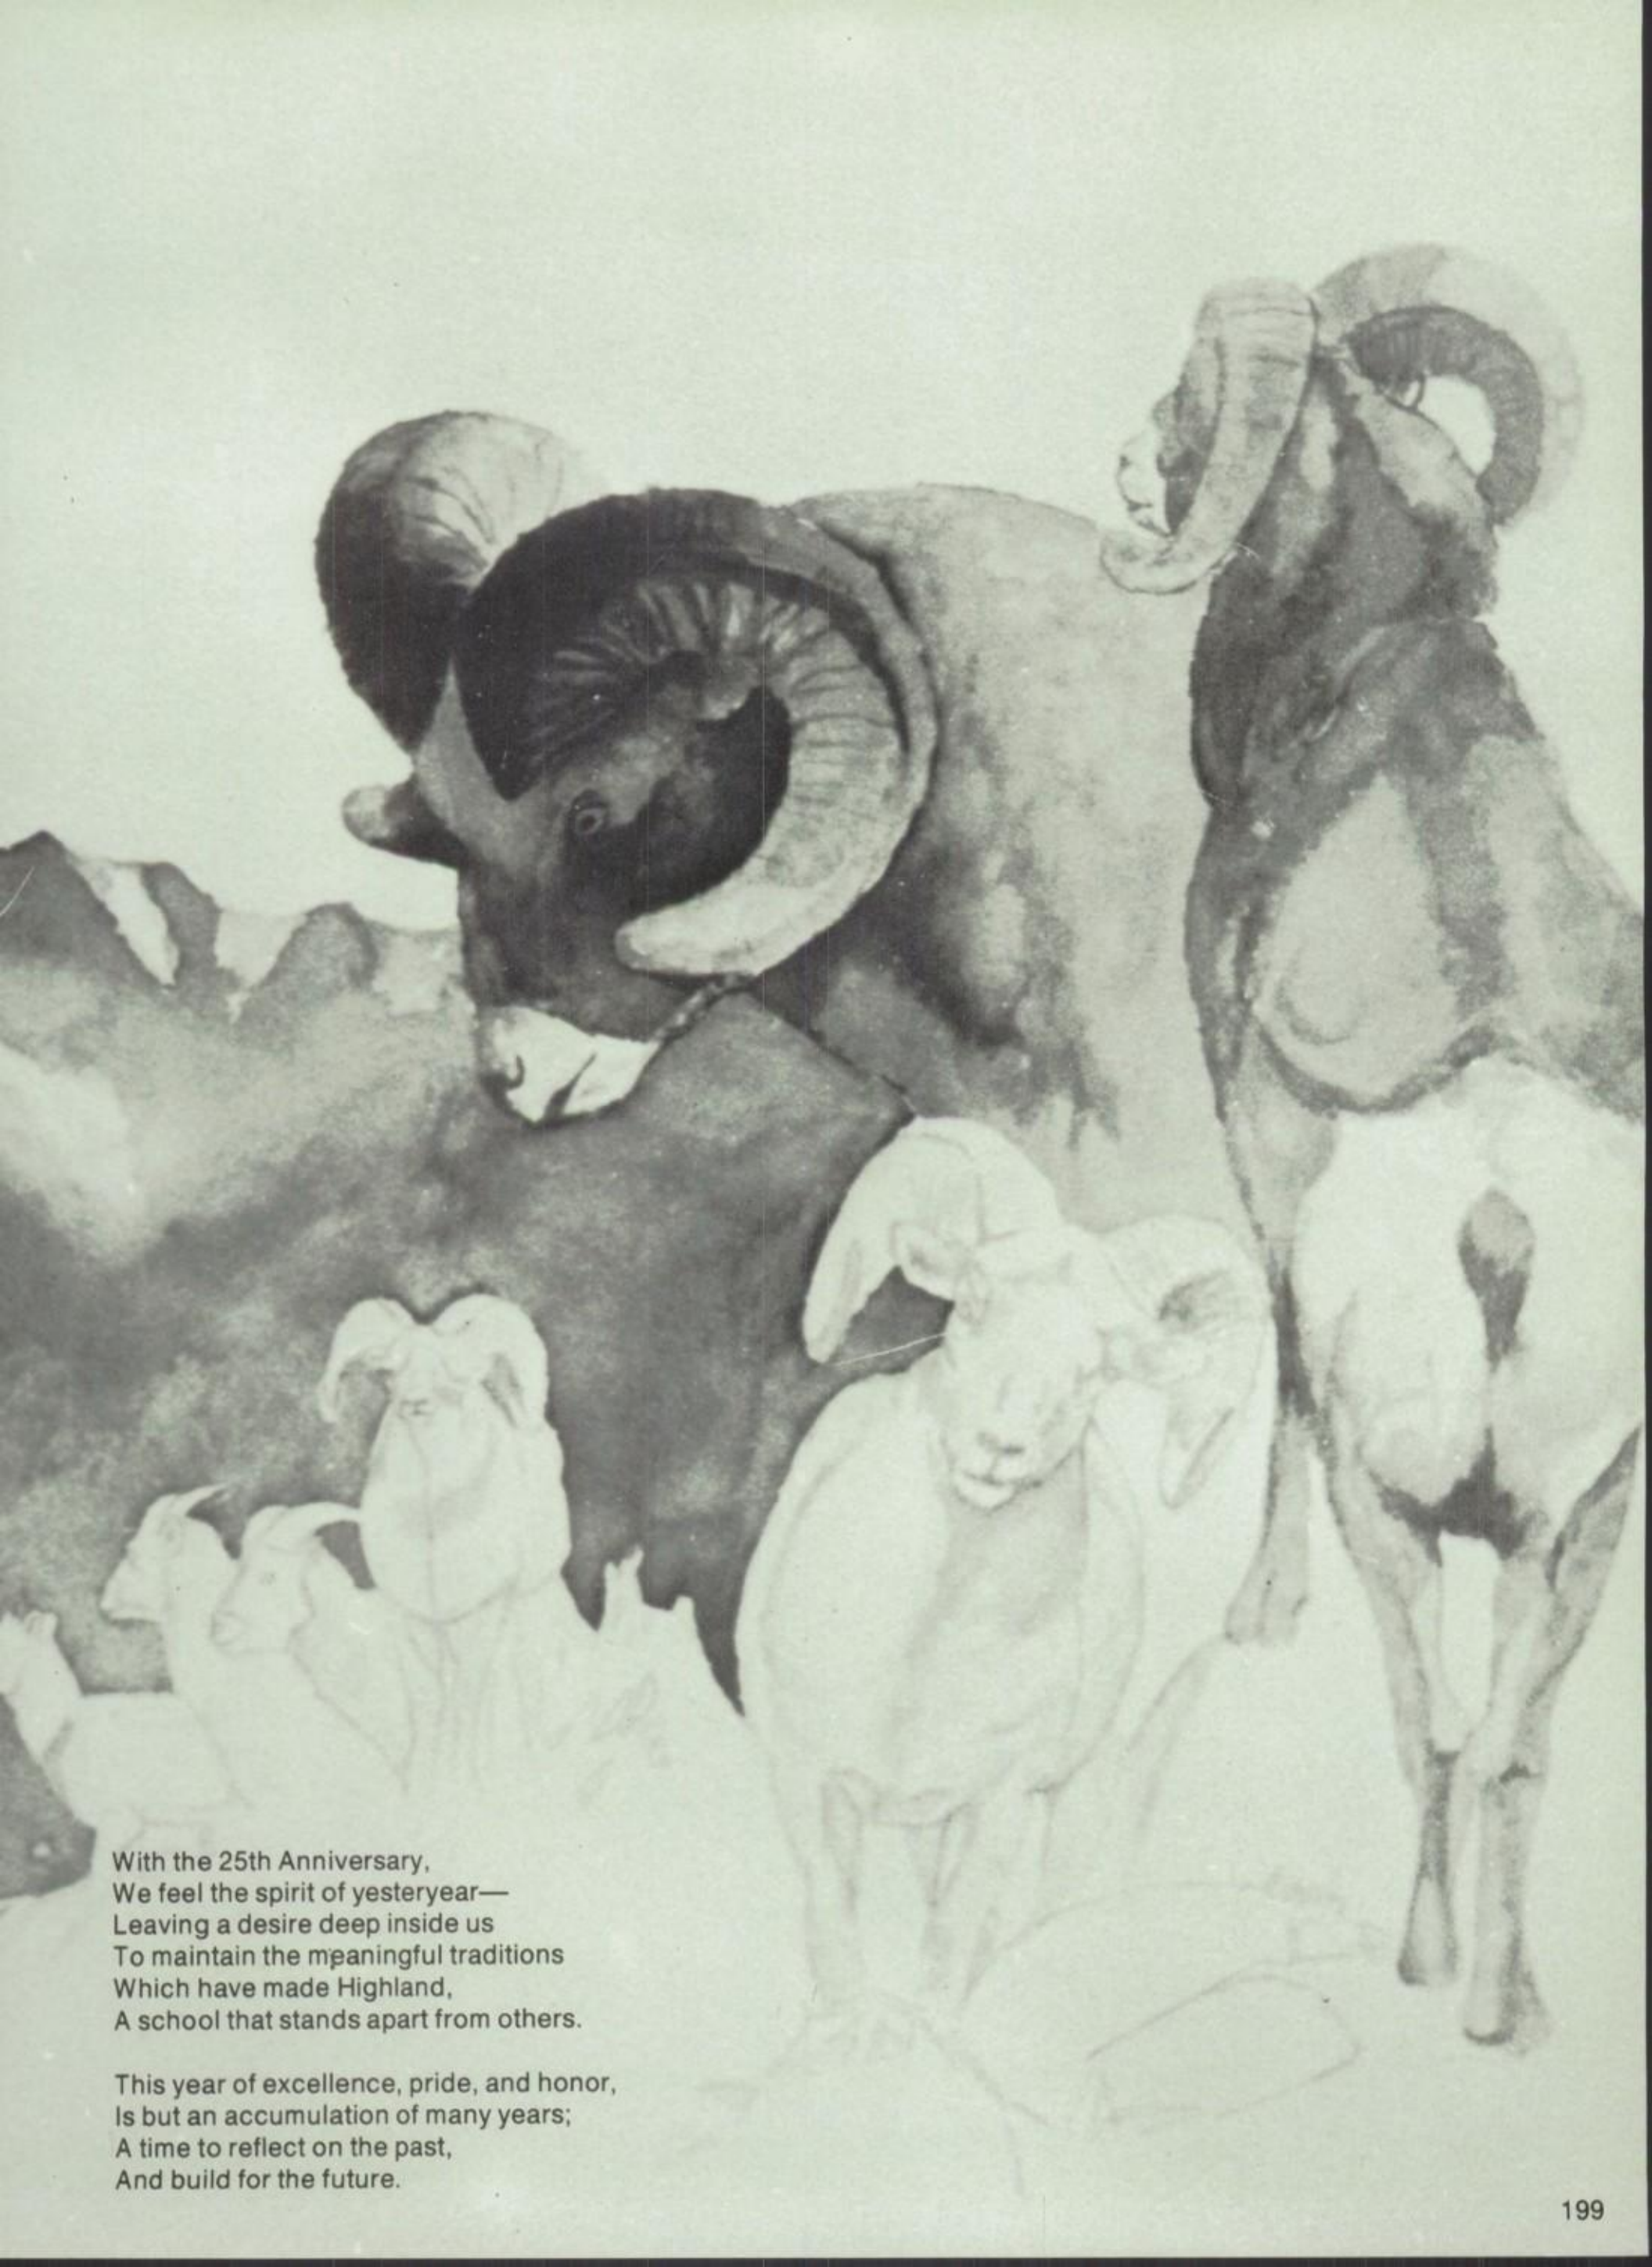
After many hours of after school practice the nights finally arrived. Even with back stage jitters, the dance club members were able to put on a show that entertained all. With a touch of professionalism, they were able to bring about a concert that would never be forgotten.

ASSEMBLIES



With the assembly committee, stage crew, officers, and faculty working in a combined effort, this year's assemblies were upgraded and provided worthwhile entertainment. The humor, creativity, and class of Highland students showed through, leaving everyone with a unique exhilaration.

SILVER ANNIVERSARY

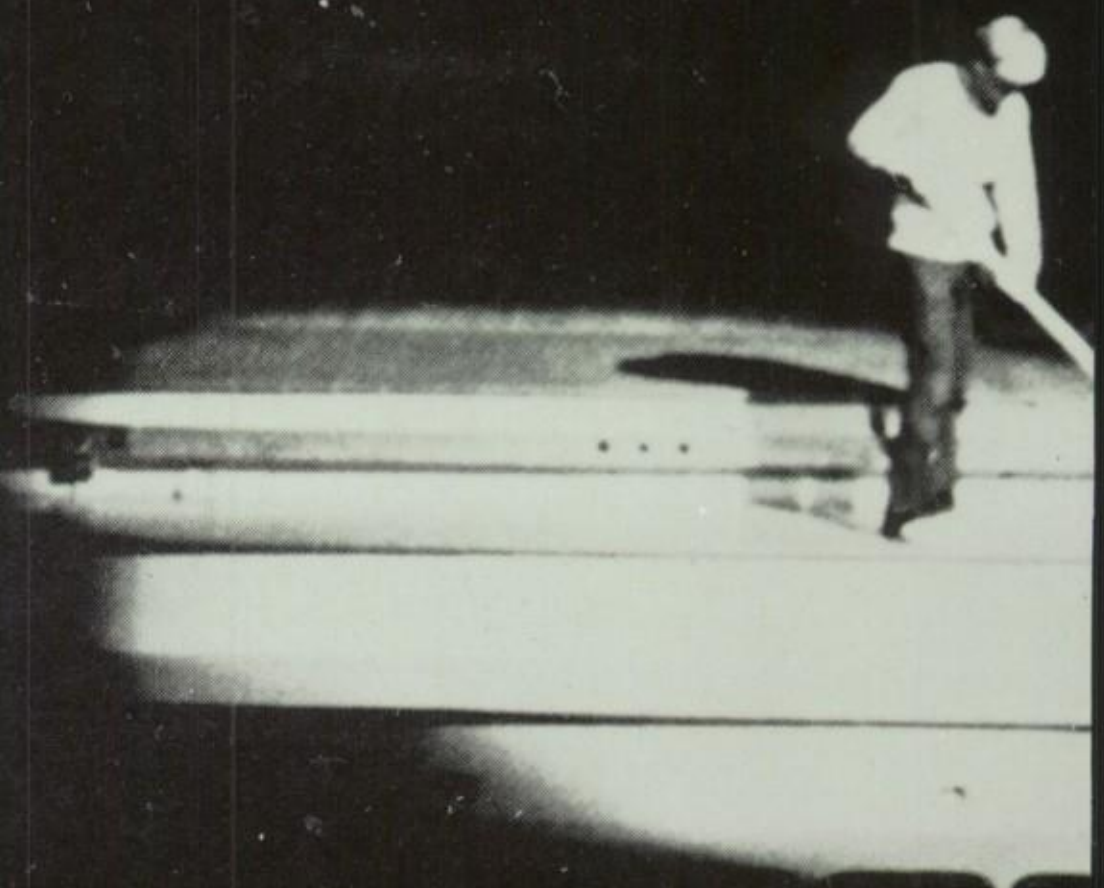


With the 25th Anniversary,
We feel the spirit of yesteryear—
Leaving a desire deep inside us
To maintain the meaningful traditions
Which have made Highland,
A school that stands apart from others.

This year of excellence, pride, and honor,
Is but an accumulation of many years;
A time to reflect on the past,
And build for the future.

FAREWELL ASSEMBLY

Kicking back and reviewing the past year, we saw a part of our life. For some, this was just another assembly, but for others it was the last chance to live the life of a teenager. Seeing everything from the quartet "The Vain Ones", to clips from the years best films, the studentbody was reminded that these moments were behind us and it was time to move on. Trying desperately to etch the hours in our minds we felt the school spirit that had grown throughout the year.



YEARBOOK DAY

After nine months of tedious work, Yearbook Day was a good way to wind things up. Taking advantage of an empty space, the day finished with weary eyes and cramped hands. Trying to sum up thoughts in adequate words, the fond memories were remembered on pages of the yearbook.

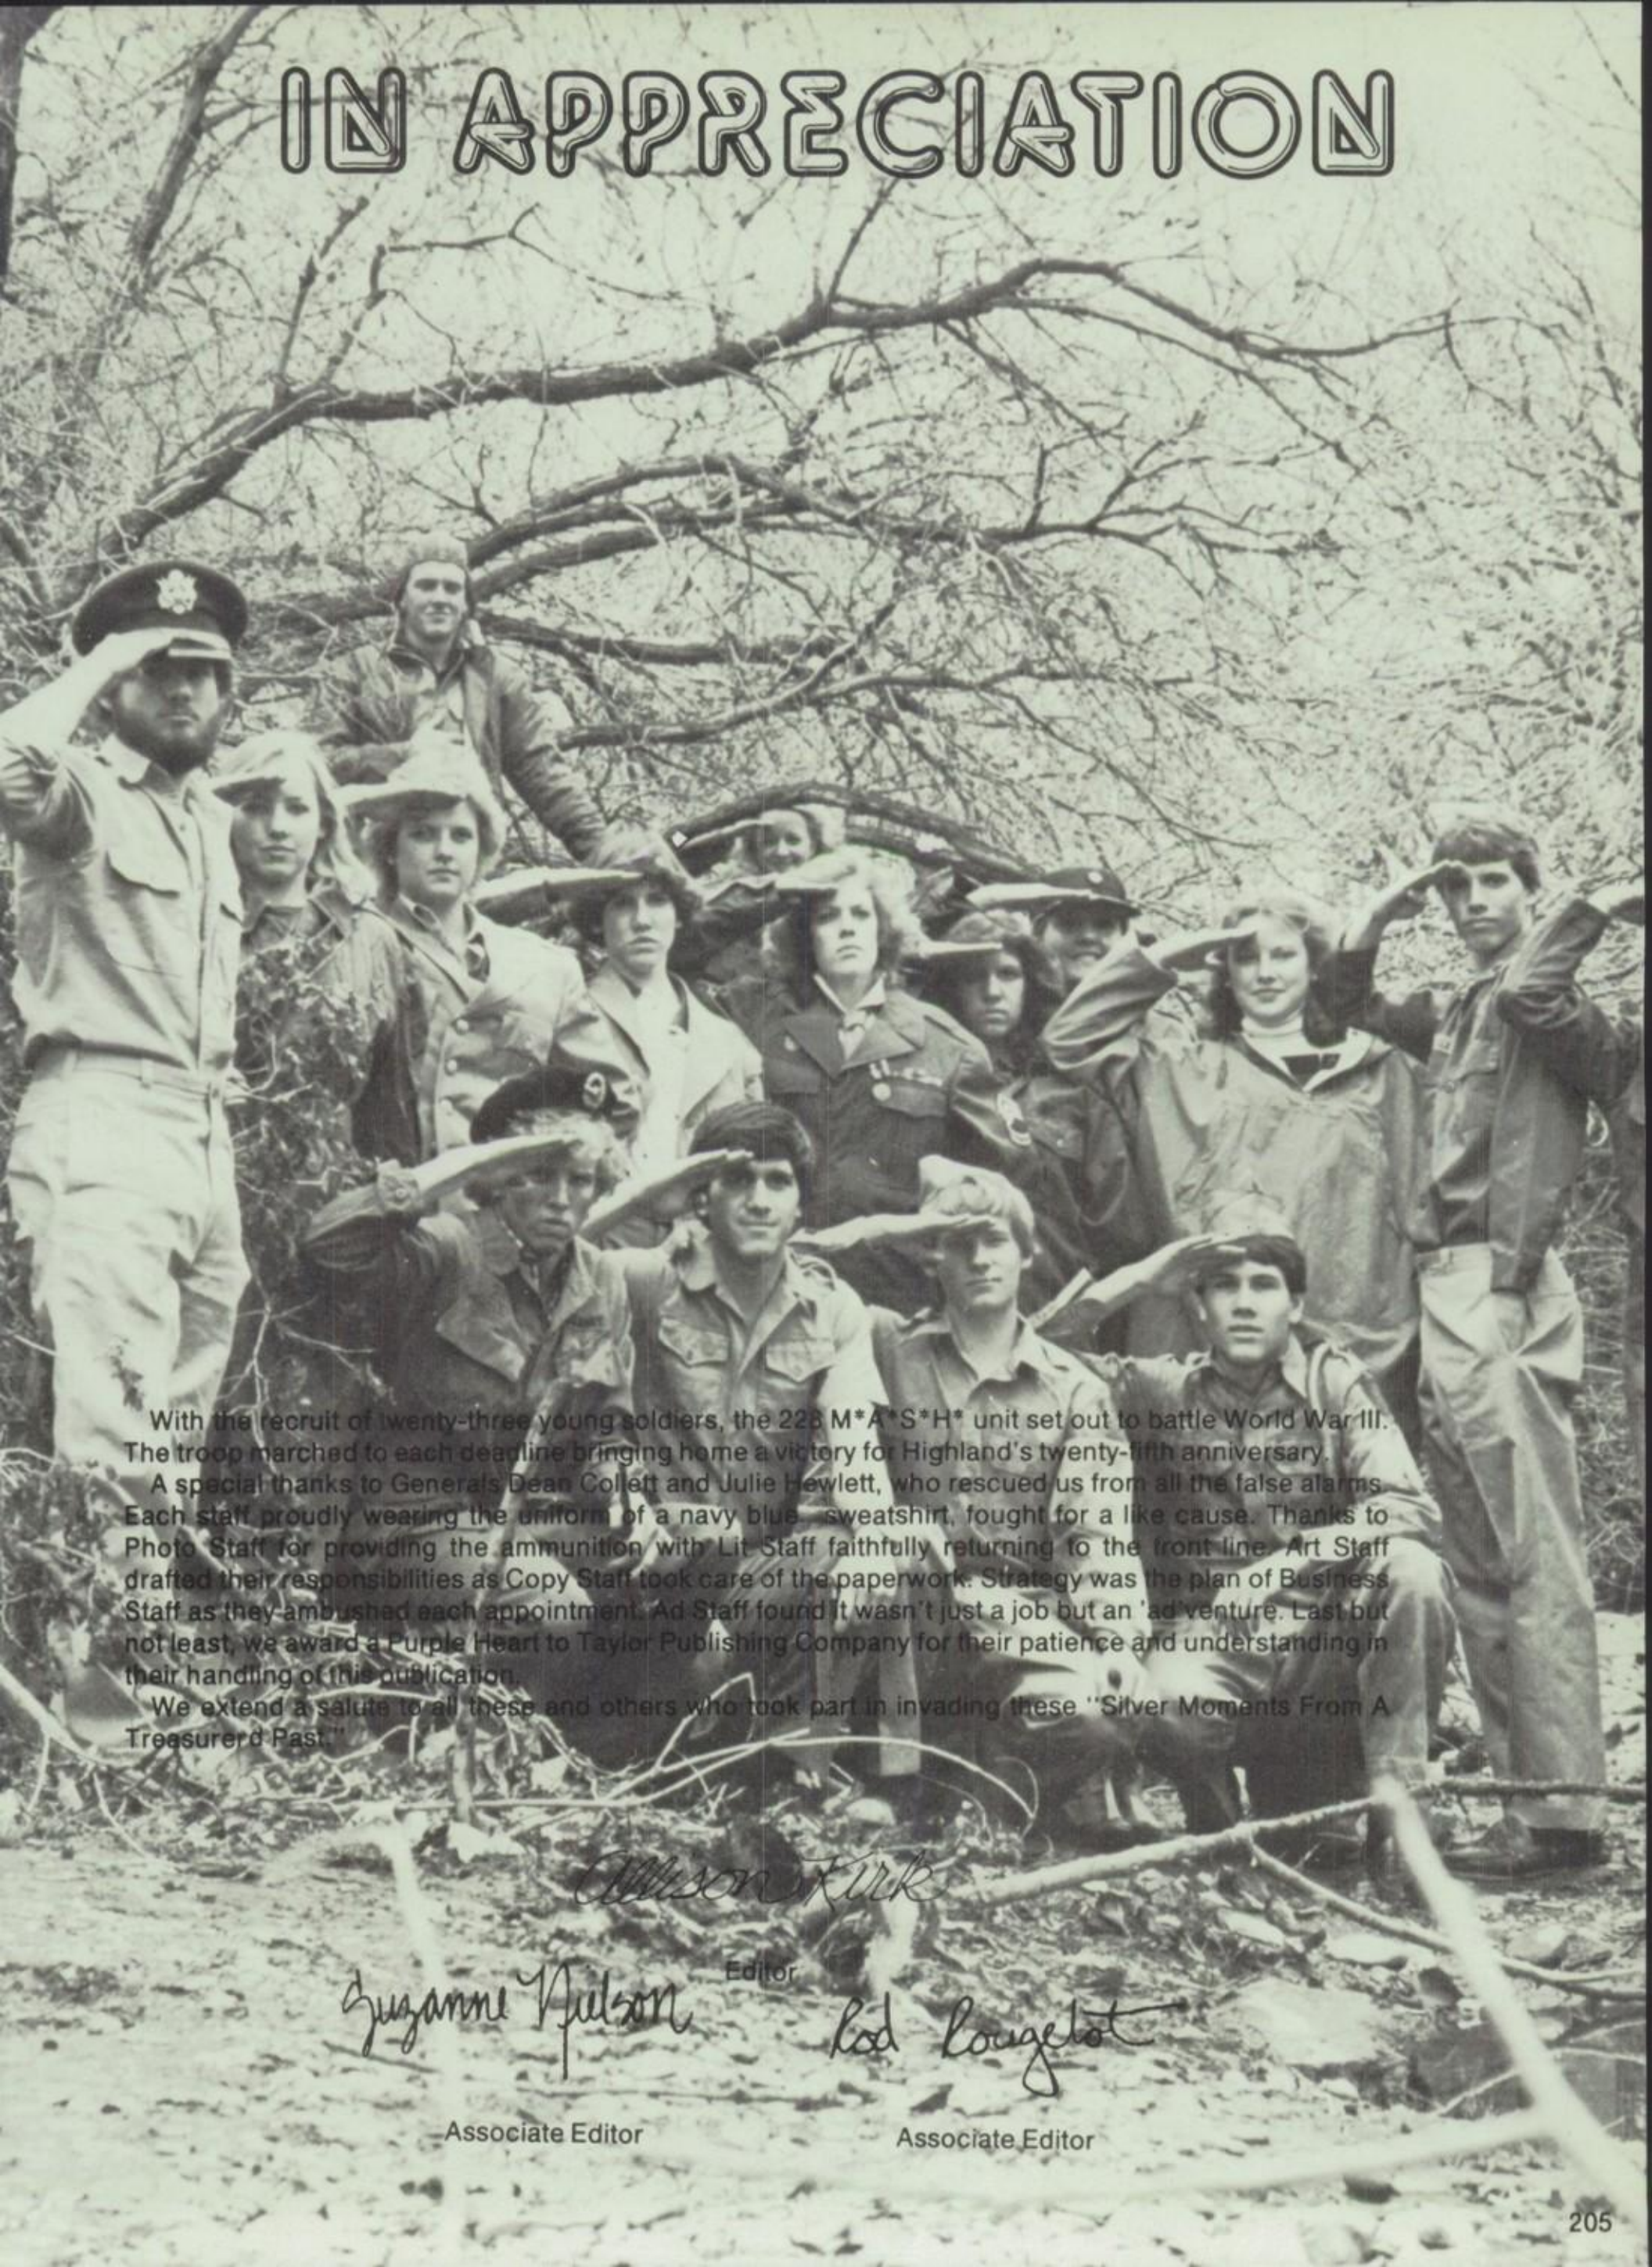
IN APPRECIATION



With the recruit of twenty-three young soldiers, the 228 M*A*S*H* unit set out to battle World War III. The troop marched to each deadline bringing home a victory for Highland's twenty-fifth anniversary.

A special thanks to Generals Dean Collett and Julie Hewlett, who rescued us from all the false alarms. Each staff proudly wearing the uniform of a navy blue sweatshirt, fought for a like cause. Thanks to Photo Staff for providing the ammunition with Lit Staff faithfully returning to the front line. Art Staff drafted their responsibilities as Copy Staff took care of the paperwork. Strategy was the plan of Business Staff as they ambushed each appointment. Ad Staff found it wasn't just a job but an 'ad'venture. Last but not least, we award a Purple Heart to Taylor Publishing Company for their patience and understanding in their handling of this publication.

We extend a salute to all these and others who took part in invading these "Silver Moments From A Treasured Past."
